4. Guest Presenter:
   Mr. Edward Steinmetz, Vice President of Finance and Treasurer was the first guest presenter of this new year.

   Mr. Steinmetz said that he was going to talk about the 2011-2012 Budget by combining a presentation to the UPC and the Board of Trustees report. He encouraged members to ask questions as they arise.

   Mr. Steinmetz said that it was difficult this last year to build a balanced budget while at the same time building in some flexibility for the new president. He said that we have reduced the operating budget permanently by $1 million.

   In his presentation Mr. Steinmetz discusses tuition increases, discount rates, budget surpluses and the current budget.
During his presentation Mr. Steinmetz said that the University is committed to:

- continue to produce a balanced budget
- continue the fiscal discipline that has allowed us to “budget for surplus” over the last few years
- continue to look for new sources of income (i.e. new programs, semesters)
- continue to build budgets based on the income 890 freshmen will bring in
- continue to look at how our tuition and fees compare to our competitors
- continue to be conscious of the cost parents and students can afford
- continue to keep tuition increases around 4%

Mr. Steinmetz was asked:

- When you are talking about the surplus is graduate tuition included in the surplus?

Ms. Steinmetz said that the Graduate School revenue target is budgeted. He said that we count on the Graduate School, Deltak and BISK revenues.

- Has the merit pay we’ve been hearing about been considered in the budget? How to fund it? What should be the amount for it to be effective?

Mr. Steinmetz said that AC is wrestling with this. He said we need to recognize the high performers and still give enough of an increase to our regular employees.

- When the staff retirement program was proposed was it to save the University money? How was that planned?

Mr. Steinmetz said that he could only give his opinion. He said that he looked at Holy Cross’s program. Many other schools that have done this have not replaced the positions. He said that we made the decision not to do that, but rather trust each vice-president to review the positions affected in their divisions, to update the job descriptions and refocus position if necessary and to make sure the position is needed.

Mr. Steinmetz thanked the Senate for the opportunity to come and speak today. He said that he realizes that sometimes people are more comfortable talking one on one; he said that he would be happy to speak with anyone.
