   Ms. Cullen-Brown made a motion to accept the agenda. Ms. Hynosky seconded the motion.

4. Guest Presentation:
   Mr. Murphy welcomed Ms. Kathryn Yerkes, Director of Planning & Institutional Effectiveness. He explained that Ms. Yerkes is here to discuss Governance and the results of the survey that was conducted last year.

   Ms. Yerkes distributed copies of the Governance Principles, as well as a handout of her PowerPoint presentation. She explained that the governance survey was based on the Governance Principles document and was conducted to get the point of view of our constituents on how we are doing with meeting our commitments.
Ms. Yerkes reported that the results show that governance is functioning well and most respondents are satisfied. She said that several issues were raised 1) need for consistent communication, 2) more openness, clearer timelines, transparency, 3) more clarity in the role of the liaisons, 4) more support for Staff Senate from Administration, 5) more focus on institutional policy.

Ms. Yerkes stated that the next steps will be:
- President’s Cabinet will review and refine liaison roles
- UGC will review and if necessary revise the Statement of Principles, flowchart, and policy definitions
- Planning and IE will continue to ramp up policy development and governance support efforts
- Orientation to governance for new senators or the broader community.

Ms. Yerkes reported that the President’s Cabinet made the decision to abstain from assessing governance until 2015.

Ms. Yerkes pointed out that the full report is available on the governance website http://matrix.scranton.edu/Governance/

Mr. Murphy said that the creation of the Staff Senate was a major step in providing staff with a voice in governance. He said in the early 80s there was a Faculty Senate, a Student Senate and the University Council (that staff was a part of), but there was not a body the represented staff. He said that thus far the Staff Senate has been involved in reviewing policies but in the future will have a greater role in the writing of policy.

Questions or Feedback:

Q. Where can we find the Harassment Policy?
A. I believe that the policy is being updated and is in draft form in the General Counsel’s office. The Sexual Harassment Policy is in the Equity and Diversity Office.

Ms. Yerkes said that one of the projects the UGC has taken on is to review University policies and to have a place where policies are housed. She said that currently the governance website has the links to University, academic and student policies.

Mr. Murphy thanked Ms. Yerkes for her time.

5. President’s Report:
Mr. Murphy said that the Staff Senate tries to be transparent and to communicate what we are doing. He stressed that a good place to find out information on the Senate is on our website. http://matrix.scranton.edu/staff-senate/index.shtml

Mr. Murphy reported that the UGC did not meet in January but will be meeting in February.

Mr. Murphy reported that the Executive Committee met on February 8th and discussed the following:
• The increase in the number of guests attending meetings is seen as an opportunity to improve campus communications and as an opportunity to get more people interested in participating in the Senate and committees;
• Inviting Ms. Yerkes to speak at February meeting to discuss governance;
• Ms. Cullen-Brown asked the Executive Committee to review the Incidental Use Policy;
• Roundtable planning is moving forward;
