1 Other costs for this program

Parking Fee (per year) 100.00
Recreation Center (Per term) 70.00
Student Health Services (per term) 65

2 Additional information related to this program and/or the information provided above

The FNP track is offered as a 46-credit masters degree for baccalaureate-prepared-nurses, and as a 27-credit post-masters certificate for nurses already holding a nursing masters degree in advanced practice. Transcripts of students with an entry level masters in nursing degree will be evaluated on an individual basis for transfer credit. In addition, NURS 583, Independent Study, may be utilized to perform a research project, to enhance an area of primary practice, or to take an elective that will broaden the students knowledge base.

Each student is required to complete a clinical practicum. The practicum (NURS 542, NURS 552, NURS 562, and NURS 572) is taken over four semesters. Students are expected to obtain a practitioner(s) who will serve as preceptor(s) for the clinical practicum in the FNP program. The preceptor must be a certified registered nurse practitioner, certified nurse midwife or a licensed physician. Additional clinical preceptorships may be arranged to meet the needs of the individual student. Each credit of clinical equals 125 clock hours per semester so that total clinical practicum time is 875 hours for the FNP program.
