I. SPRING CONVOCATION:
At the Spring Convocation last week Fr. Quinn shared a few proposals aimed at advancing the vision of the University.

- Shared Governance – proposes that faculty, staff and administrative leaders convene to discuss how to advance the notion of “shared governance” on campus.

- Strategic Financial Planning – senior administrative leaders are currently working to identify a process that will allow us to navigate through the financial challenges we continue to face and put us in the best position for ongoing success.

- New Academic Programs – Fr. encouraged faculty leaders to continue as the vanguard to identify new academic programs including on-line programs. Focus on the delivery of a current, compelling and competitive curriculum.

- A Second Look at TCMC – Fr. continues to believe that some affiliation with TCMC is in the University’s future best interest.

- Improved Athletic Facilities -- senior university leaders continue to plan how the University might finance and construct a state-of-the-art athletic campus in Southside Scranton. This will allow us to become a Division III school that will attract a robust stream of academically gifted students who want to play intercollegiate sports.

II. FACULTY SEARCHES:
We are conducting sixteen faculty searches; as of this date six have been successfully concluded.

III. ADMINISTRATIVE SEARCHES:
Gary R. Olsen, Vice President for Development and Alumni Relations began his duties on February 4, 2013. For the past twenty years, Gary has served as Associate Vice President for Alumni Relations and Executive Director of the Alumni Association at Villanova University.

IV. RANK AND TENURE:
The following is a list of faculty members who have been promoted and/or received tenure effective in the fall of 2013:

Professor
Dr. Ben Bishop  Computing Science
Dr. Christie Karpiak  Psychology
V. FULBRIGHT APPLICATIONS:

This year Dr. Susan Trussler and her Fulbright Committee nominated ten students. We have received notification that eight of our students are National Finalists for Fulbright Fellowships. This year there were over 9,700 applicants for the approximately 1,000 awards nationwide. The eight finalists are:

Four are finalists for research grants (classified by broad field of application), while four are finalists for teaching assistantships. As usual, we now wait on final decisions that are made individually by the countries over the next five months. As always, Dr. Susan Trussler and her team have done a great job in preparing students for this competition.

VI. FELLOWSHIP APPLICATIONS:

- Truman Scholarships:
  I am pleased to report that the University of Scranton has three Truman National Finalists after the initial round of selections (February 14-16). There are approximately 200 National Finalists, so this is a very nice accomplishment for our students and for Dr. Engel’s team that supports fellowship applications. The students will now face a rigorous interview process, and faculty have provided mock interviews to help them prepare. We will also support the necessary travel to the interview sites. More information will be available in May.
• Goldwater Scholarships:
  We have nominated one student for the Goldwater Scholarship and we anticipate
  nominating one student for the NCAA Post-Graduate Scholarship in spring and one for
  the National Health Services Corps Scholarship.

VII. MEDICAL SCHOOL ACCEPTANCES:
As of this date in 2013, 30 students have received a total of 44 acceptances to 19 different
medical schools; 11 students have received 20 acceptances to 9 different dental schools; 1
student has been accepted to optometry school. Since numerous students are still interviewing
at doctoral-level health profession schools, the number of acceptances will continue to increase
throughout the spring and summer.

VIII. FACULTY DEVELOPMENT:
Grant Proposals/Clavius Funding:
Calls for proposals for Clavius Funding and Summer Grant Application were sent out to faculty
on January 28th.

Provost Faculty Enhancement Awards:
Request for nominations for the Provost Faculty Enhancement Awards were sent out to the
Deans and Department Chairs on February 4th. The Provost Advisory Group will assist the
Provost and Associate Provost in making the final determination on the awards recipients. The
awards will be presented at the Faculty Appreciation Day dinner scheduled for April 5th from
5:00 p.m. to 9:00 p.m. in The DeNaples Center’s Ballroom

IX. UP-COMING CONFERENCES:
This June we will be hosting the annual conference of the New American Colleges and
Universities. This is a group of Masters I institutions that are focused on blending professional
education with strong education in the liberal arts. Keynote speakers will be Carol Schneider,
President of the AAC&U and Cathy Trower, research director of the COACHE (Collaborative
on Academic Careers in Higher Education) program at Harvard.

In October, we will be hosting the Lilly national conference. The theme is “Faith and Academic
Freedom in Civic Virtue.” Keynote speakers will include three plenary sessions with speakers
Mark Ravizza, SJ, Patricia McGuire (President of Trinity College, Washington, DC) and Rob
Kapilow (composer and conductor, featuring a talk on his series “City Scapes”). There will also
be a presentation on jazz in America, by Loren Schoenberg, executive director of The National
Jazz Museum in Harlem, in conjunction with a performance by Wyckiffe Gordon, DHL., The
University of Scranton and The University of Scranton Jazz Band.

X. THE COLLEGES:
The Panuska College of Professional Studies
• Our Occupational Therapy Master’s program has received accreditation.
• The TEAC Accreditation Panel met on February 8th to consider our Advanced Teaching
  Program, Education Leadership Program and Teacher Education Program. We will hear the
  final word in March.
• We have entered into an arrangement to transfer our Nurse Anesthesia program from a joint
  agreement with Wilkes-Barre General Hospital to full ownership by the University. This will
  occur in 2015, with the next two years requiring renegotiating our contracts for clinical sites,
  establishing appropriate faculty staffing in the nursing department, and modifying the
  program’s accreditation status. The reasons for the transfer include: Wilkes-Barre General
  Hospital’s parent company’s (CHS) desire to drop this educational commitment, our desire
to maintain and grow the program, and our interest in the attractiveness of having such a program.

**College of Arts and Sciences**

- The Keynote Speaker for The Third Annual Conference on Aging will be Dr. Linda Fried, an internationally recognized epidemiologist and geriatrician and Dean of the Mailman School of Public Health at Columbia University. The Conference will be will be held on our campus on April 11, 2013.
- Gretchen J. Van Dyke, Ph.D., has been elected to a four-year term on the national board of the Lilly Fellows Program in Humanities and the Arts. We have been a member of the Lilly Fellows Program since 1997 and will host the program’s annual Workshop for Academic Administrators and National Network Conference in 2013.
- Maureen Carroll, Ph.D., has been awarded the 2013 James P. Crawford Award for Distinguished College or University Teaching by the EPaDel section of the Mathematical Association of America.
- Two physics majors, senior Christopher Culver and sophomore Rachel Salmon, presented their research at the 221st Meeting of the American Astronomical Society (AAS) in Long Beach, CA. Rachel won a Chambliss Astronomy Achievement Student Award Honorable Mention at this meeting. Out of more than 400 students attending the Conference, there were just 5 award winners and 6 receiving honorable mention.

**College of Graduate and Continuing Education**

- U.S. News & World Report’s 2013 Best Online Education Programs ranked our online graduate program in education 6th in the nation, and our online MBA program ranked 39th. The list ranked online programs offered by nonprofit and for-profit institutions in the United States in categories of business, education, engineering, nursing, and computer information technology. Our online graduate program in education has the highest rank of the 12 Pennsylvania colleges, and five Jesuit universities, listed by U.S. News. Our online graduate program in business was among just seven colleges in Pennsylvania and five Jesuit universities listed.

**XII. EDUCATION FOR JUSTICE:**

In just the last few years, the reality of increasing economic inequality has come to dominate much of our nation’s political discourse. Changes to the tax code that have disproportionately benefited upper-income earners, Wall Street privilege, the housing crisis, and the global economic slowdown have thrown many Americans’ economic situations into doubt. This has been particularly true for our nation’s most vulnerable. As a consequence, the Education for Justice Board selected **Inequality** as this year’s annual theme. In support of this theme the
Education for Justice Program has planned and sponsored a variety of events and activities during the Spring 2013 semester:
