Patient Protection Disclosure
2017 Plan Year

The University of Scranton requires the designation of a primary care provider in the BlueCare HMO Plus offering. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from The University of Scranton or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For information on how to select a primary care provider, obtain a listing of participating primary care physicians, or for a list of participating health care professionals, who specialize in obstetrics or gynecology, please follow the link below:
