### **University Drug and Alcohol Abuse Prevention Program Information**

As a caring community, The University of Scranton is committed to the implementation of a program that is designed to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by its students and employees on its premises and as part of any of its activities. In support of this commitment and in compliance with the Drug-Free Schools and Communities Act of 1989 and the Drug-Free Workplace Act of 1988, the information provided herein is designed to ensure that community members are aware of University alcohol and drug policies and applicable laws, health risks associated with substance abuse, and available resources.

1. **Standards of Conduct.** In accordance with federal, state, and local laws, the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance and/or illegal use of alcohol by students on University property or at University sponsored functions is strictly prohibited. Students should familiarize themselves with the [University's Alcohol and Drug Policies](#) as set forth in the Student Handbook. Employees should familiarize themselves with the [University's Drug Free Workplace Policy](#). For additional information on University policies, see Appendix A.
2. **Health Risks.** Prolonged use of alcohol or episodic use of alcohol in heavy quantities can result in serious health problems and even death. Similarly, use of illegal drugs can cause injury or death even with first-time use. The use of illegal drugs and the abuse of alcohol lead to impaired judgment and decision-making. Impaired judgment may result in a disregard for self or others, well-being, academic success, and employment. The use of illegal drugs and the abuse of alcohol also carry the risk of overdose, the risk of dependence, and the risk of other short- and long-term health effects.
3. **Available Programs and Services for Students.** The Division of Student Life offer a range of programs, services, and resources to educate students about the risks associated with alcohol and drug use and abuse. While COVID restrictions have impacted some programming this fall, the following are typically required of or offered to students:

- Alcohol.Edu: AlcoholEdu is a mandatory online alcohol education program designed to promote healthy decision making, introduce campus resources and policies, and inform students about high-risk drinking and alcohol-related issues among college students. This program is mandatory for all first-year students.
- Late Night Scranton: Late Night at Scranton provides students with alternative opportunities to alcohol-related activities during late night, weekend hours. Late Night events foster a sense of community by providing students with opportunities to interact with peers in a safe and socially responsible environment.
- Royal T.A.P.S: Teaching Alcohol Preparedness for Students: Royal T.A.P.S. is a one-hour alcohol education workshop that is mandatory for all first-year students. The interactive workshop is designed to assist in educating students about the alcohol culture at the University, University policies and Commonwealth laws, and on-campus resources. This year, the content was incorporated into AlcoholEdu to ensure delivery despite COVID restrictions.
- Alcohol Education Workshops: There are several educational workshops that are designed to educate students about alcohol and drug use and abuse. Specifically, “Viewpoints: Information and Perspectives on Alcohol” is offered by the Center for Health Education and Wellness and is geared toward students who have been found responsible for first-time Alcohol Policy violations. The “Alcohol & Other Drug Education and Prevention Program” (ADEP) is offered by the Counseling Center and is focused on educating students who have had repeated Alcohol Policy violations. Finally, the “Social Host Workshop” is a collaborative and interactive program designed to educate students about group decision-making, risk assessment and liabilities related to social host practices. The workshop is guided by the principle of employing informed decision-making and harm reduction to better manage high-risk behaviors related to high-risk alcohol consumption.
- Individual Counseling: The University’s Counseling Center offers confidential individual and group counseling for students. Alcohol and drug use and abuse are issues with which counselors are trained to assist students.

The following University offices are resources for students who are concerned about their alcohol and drug use or that of their peers.

- Social hosting, which is defined as providing the site for a gathering where underage alcohol possession or use is documented.
- Providing or serving alcohol to individuals who are under the age of twenty-one (21). Please note that under Pennsylvania state law, charging admission, selling mugs, glasses, chits, tickets, etc. constitute furnishing alcoholic without a legal license and are illegal.

- Being in the presence of any other person on-campus who is engaging in a violation of the University Alcohol Policy.
- Operating a motor vehicle in an illegal or unsafe manner while under the influence of alcohol.

## **C. Alcohol at University Social Events**

Alcoholic beverages may be served at University social events registered with the appropriate Vice President or his/her designee (student functions are always registered with the Center for Student Engagement) at least five (5) class days prior to the event. Registration includes agreement to assume responsibility for monitoring and controlling the event. In addition, the following regulations apply to University social events where alcohol is served:

- Persons under twenty-one (21) years of age may attend functions where alcohol is served only with the written approval of the Vice President for Student Life or other appropriate Vice President . The approval is based on the nature of the event and the ability of the organizing group, department or division to provide suitable and effective control. No one under the age of twenty-one will be permitted to consume alcohol at these functions.

Failure to abide by them may result in disciplinary action.

- It is illegal for any person under twenty-one (21) years of age to attempt to purchase, consume, possess or transport any alcoholic beverage. Note that Pennsylvania applies the concept of constructive possession under which guilt can be construed for possession of alcohol by determining that alcohol was readily available to a minor who apparently made no good faith attempt to distance him or herself from it. Also note that individuals who violate this law do not have a right to a breath test or blood test.
- It is illegal for any person sell, furnish or give away any alcoholic beverage to a person under twenty-one (21) years of age or to any person who is visibly intoxicated.
- It is illegal to operate or control a motor vehicle while under the influence of alcohol. "Under the influence" is currently defined in Pennsylvania as .08% blood alcohol content for individuals who are twenty-one (21) years of age or older and .02% blood alcohol content for individuals who are less than twenty-one (21) years of age.
- It is a violation of a City of Scranton ordinance to possess and/or consume alcoholic beverages from open containers in public streets, sidewalks, highways, buildings, lanes, parking lots, recreation or park areas, or other public property within the City limits.
