Through our service at the St. Francis of Assisi Soup Kitchen, we realized that the serving line did more than physically divide the volunteers from the people being served; it divided their perspectives. We found that from behind the counter we saw “the poor” and served them because we thought it was right. Once on the other side of the serving line, we realized that the people who attended the Soup Kitchen were far more than “the poor”; they were individuals with rich stories that surprised us, inspired us, and completely changed the way we viewed those who attend the Soup Kitchen. 

We started by asking people to tell us their stories. We met college graduates, immigrants from other countries, veterans, teenagers and current students. The people who attended the kitchen went for a variety of reasons: to save money, to eat in the company of others, to lessen the burden on their families and, sometimes, because they had no other option. We realized that there would be no need for a soup kitchen if everyone had the same opportunity that we did to meet these people. 

We want to bridge the gap across the soup kitchen counter, and create a connection between the University of Scranton and those who struggle with hunger and homelessness only several blocks away from campus. We will start by extending the stories that we have collected to the Scranton Community through an event called _A Course of Compassion_, sponsored by the Community Outreach Office. 

We would like to invite you to attend this event and share in a meal with us as we reflect upon the stories that we have collected from the clients of the St. Francis of Assisi Soup Kitchen. Please consider this as a part of you Lenten Journey; to crack open your heart and make room for the marginalized by recognizing our common humanity. 

_A Course of Compassion will take place on Monday, April 2nd 5:00-6:30 p.m. in 405 DeNaples_. Please sign up in the Community Outreach Office or by contacting Deanna Lindberg (deanna.lindberg@scranton.edu) or Michelle Dougherty (michelle.dougherty@scranton.edu). 

Peace, Love, and Compassion,  

Deanna Lindberg ’14 and Michelle Dougherty ‘14
Today our prime educational objective must be to form men-and-women-for-others; men and women who will live not for themselves but for God and his Christ - for the God-man who lived and died for all the world; men and women who cannot even conceive of love of God which does not include love for the least of their neighbors; men and women completely convinced that love of God which does not issue in justice for others is a farce."
