Cohorts include first-time, full-time, degree-seeking freshmen students enrolled as of the fall census date; attendance in subsequent years is not dependent upon full-time status.

Deceased students that did not graduate have been removed from the cohorts.

The figures above reflect graduation data as of August or attendance data as of the fall census date.

Students that are studying abroad as of the fall census date are now included in "still attending" or "continued to fall semester".

*Data beginning in 2010 are calculated using the revised HEOA coding requirements, which also includes a '2 or more races' category. All ethnic and race data is self-reported.
