Executive Committee Meeting –

- Ms. Stamford has decided to step down from her Professional Staff Senate seat. Ms. Cummings will take her place and Ms. Cummings alternate seat will be filled by the next runner up from the Professional staff election results.

- The Executive Committee discussed an issue of attendance at monthly Staff Senate meetings. Ms. Cullen-Brown explained the attendance policy as outlined in the Staff Senate By-laws and the process for addressing same. Ms. Cullen-Brown expressed concern that Senators are elected to represent their constituency groups and repeated absence does not serve their constituency groups or the Senate.

  Discussion: The Senators discussed whether the meeting time change from 10:00-11:30 to 2:30-4:00 is affecting attendance. Does the meeting time conflict with departmental meetings? The issue remains open for discussion and the Senate is considering the change for the next fiscal year. The issue needs to be decided before the end of the year for scheduling purposes.

Sursum Corda Awards –

- 3 names were submitted for consideration through the Staff Senate. Ms. Day expressed concern to Ms. Cullen-Brown that there were no MTTP or Clerical nominees put forth.

  Discussion: Several Senators mentioned that it was unclear that they were supposed to nominate through the Senate, and thought they were encouraged to nominate independently. There was lengthy discussion regarding the nomination process. Several Senators expressed concern that the process is very complex, requires a great deal of personal information about the candidate and is somewhat intimidating, which may be a reason that there isn’t more participation. Ms. Cullen-Brown is going to relay our concerns to Ms. Day.

Roundtable Policies/Procedures –

Ms. Cullen-Brown reviewed the policies and procedures. All Roundtable groups need to follow the policies and procedures, and abiding by all timelines, with regard to Roundtable forums.

Ms. Cullen-Brown reiterated that the Roundtable summaries need to be submitted to her by January 17th. The summary should include what occurred at the meetings, participation, topics covered, topics that needed follow-up and how these items were followed up on.

7. Committee Reports:

By-laws Committee – Nothing to report.

Finance Committee – We are still within our budget limits. Mr. Wetherell reiterated that the committees should consider what expenses they may have for next year. Mr. Wetherell needs to submit our budget proposal for next fiscal year by the end of this week.

Staff Development Committee – Ms. Rozelle reported that Jennifer Pennington, a volunteer non-senator, has done a tremendous amount of work updating the Staff Resource Document. The committee will be ready next month to present the document to the entire Senate for review. There has been a new section added to the document to include offices that offer training opportunities. The committee hopes to distribute the document to the University community in March.

Staff Recognition – Mr. Wetherell reported that there has been a great deal of progress in establishing the Scranton Spirit Award. The parking place has been granted and Aramark has agreed to donate a $50 gift card in lieu of the parking space to a winner if they do not have a parking permit. When a logo is established, the forms will be ready. The committee hopes to be able to recognize one or two winners at the May luncheon.

Ad-hoc Staff Handbook Committee – The committee met on January 8 and reviewed their goal plan. The committee feels its role is to provide input to HR about areas that might be of question, concern or require clarification. The committee decided to wait until the preliminary draft is provided to them before offering any input. 8. Open Items from the floor.

- Ms. Cullen-Brown raised the issue of how the Senate is respond to inquiries raised by our constituency groups. After discussion regarding a particular inquiry, the Senate established that issues raised should be brought before the full Senate for discussion as to whether or not these are issues that the Senate has the time/resources to pursue.
