The University of Scranton Office of Career Services strives to facilitate the process of career choice by helping students and alumni focus on a personal sense of meaning and career direction consistent with their unique talents, aspirations, and vision for living.

Guided by the principles of Jesuit education and aware of the need to impart knowledge that has immediate and long-term value, our personnel assume the roles of advisor, teacher, and mentor.

Our Career Relations Manager, Cheryl Collarini, is dedicated to helping employers recruit qualified undergraduates, graduate students and alumni for full and part time employment and internships by providing full service recruiting assistance.

**Why Recruit At Scranton?**

What truly sets Scranton apart from other universities is its Jesuit Education. Jesuit education develops the whole person and offers students a well-rounded development of imagination and intellect, the ability to think clearly about what touches their lives, and a sense of solidarity with the needs and concerns of the human community.

The Jesuit Education helps develop future leaders and contributors who will be an asset to any organization due to their ability to be:

**Creative:** Driven by a desire to understand the “how and why” and to think at a higher level, University of Scranton students acquire transferable skills that can be adapted to any industry or environment.

**Committed:** Motivated to succeed and contribute from day one, University of Scranton students are passionate about whichever profession they pursue.

**Exceptional:** A highly selective admissions process ensures University of Scranton students are accomplished learners who thrive on challenges, embrace diversity and excel at “out-of-the-box” thinking.

University of Scranton students and alumni are well prepared for the challenges of the modern workplace and are eager to make a difference in their chosen field.

The faculty and staff in Jesuit colleges and universities are inheritors of an extraordinary tradition that still dares to aim at full development of the person.
