Roche Center for Career Development strives to facilitate the process of career choice and acquisition by helping students and alumni focus on a personal sense of meaning and career direction consistent with their unique talents, interests, and vision for living.

Our recruiting team is dedicated to helping employers recruit qualified undergraduates, graduate students, and alumni for full/part-time employment and internships by providing full service recruiting assistance.

Why Recruit at Scranton?
What truly sets Scranton apart from other universities is its Jesuit Education. This transformational approach develops the whole person and offers students a well-rounded development of imagination and intellect, the ability to think clearly about what touches their lives, and a sense of solidarity with the needs and concerns of the human community. The University of Scranton helps develop future leaders and contributors who will be an asset to any organization due to their ability to be:

- Creative: Driven by a desire to understand the "how and why" and to think at a higher level, University of Scranton students acquire transferable skills that can be adapted to any industry or environment.
- Committed: Motivated to succeed and contribute from day one, Scranton students are passionate about whichever profession they pursue.
- Exceptional: A highly selective admissions process ensures that Scranton students are accomplished learners who thrive on challenges, embrace diversity and excel at “out-of-the-box” thinking.

Our students and alumni are well prepared for the challenges of the modern workplace and are eager to make a difference in their chosen field. The faculty and staff in Jesuit colleges and universities are inheritors of an extraordinary tradition that still dares to aim at the development of the whole person.

Employer Resources
The Center for Career Development understands that each organization’s recruiting needs are different. The Center works closely with organizations to develop a tailored recruiting strategy and build a strong presence on-campus. Successful strategies include:

- Targeting specific student clubs and organizations
- Holding information sessions
- Taking part in our Annual Fall and Spring Job/Internship Fairs
- Arranging for employer information tables in our Campus Center
- Off-campus and on-campus recruiting
- Participating in industry-specific panels
- Opportunity to place advertisements in student newspaper [Contact us for pricing]

The Center for Career Development also provides a free web-based recruiting system, College Central Network (CCN), that lets employers monitor and manage their recruiting activities online, including:

- Posting job listings and recruiting events
- Viewing and printing student resumes submitted online
- Pre-selecting and emailing candidates for interviews
- Checking the registration status of interviews
- Providing a link to organization web sites
