

# Active Shooter

An active shooter is defined as an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearm(s) and there is no pattern or method to their selection of victims.

There are three basic options : run, hide, or fight:

## RUN:

- ◆ If possible, exit building and run
  - ◆ After securing yourself, call University Police or 9-1-1

## HIDE:

- ◆ Find a safe place to hide
  - ◆ Lock and barricade doors, close windows, turn off lights and silence your phone
  - ◆ Do not activate the fire alarm
  - ◆ Stay in place until directed by ENS message and/or emergency personnel

## FIGHT:

- ◆ As a last resort, your only chance may be to fight
