

**IF YOU SEE SOMETHING...  
SAY SOMETHING**

**Together we can keep  
our community safe!**

Report any suspicious activity  
to University Police by calling

**(570) 941-7777**

Anonymous reports can also  
be made by using the:

**[Silent Witness Form](#)**

(found on the University Police homepage)

### General Safety Tips

- Save the University Police emergency number in your phone **(570) 941-7777**
- Utilize University Police resources such as the Royal Ride and Safety Escorts.
- Travel in groups whenever possible. Never walk anywhere alone, especially at night.
- Be alert of your surroundings and do not let electronics like your cell phone, ipad or head phones distract you.
- Plan your trips in advance and be careful to stay on well-lit, well traveled paths.
- Trust your instincts, if you see someone that may be up to no good, take action and report any suspicious activity to University Police.

### Theft Prevention

- Do not carry more than you need, leave unnecessary items secured in your residence.
- Secure your belongings by locking the door to your residence, vehicle, and/or lockers.
- Don't leave personal items unattended in public areas including but not limited to classrooms, study areas or the library.
- Label and record serial numbers of your high value property (computer, printer, T.V. etc).

### Safety in Residence Halls

- Do not prop the door open to your residence hall or room.
- Avoid 'tailgating,' this can allow unwanted visitors unrestricted access to the building.
- Keep your doors locked at all times and your valuable items hidden from plain sight.
- Properly account for your keys. Don't give anyone the chance to duplicate them, or 'hide' them for easy access. Lost keys can have many unintended consequences!
- Look out for your fellow students. Report any and all suspicious activity to University Police immediately at x7777

### Safety in Off-campus Housing

- Keep windows and doors secured with adequate locks at all times. If a lock in your residence is broken, contact your landlord immediately!
- Make sure the property is well-lit and make sure shrubbery is trimmed to increase visibility.
- Don't open your door to strangers, always ask unknown visitors to show identification.
- When leaving for extended periods of time, take extra precautions like: bring items of high value with you, close the blinds, and set timers for your electronic devices to give the appearance that you are home.
