Total Lockdown

What: All exterior building doors are locked by University Police through the Emergency Communications Center. Access is **not** available by Royal card.

WHY: A total lockdown may be activated upon confirmation of any significant emergency or dangerous situation that poses an immediate threat to the health or safety of the University community. All classes and activities are suspended until further direction, individuals should shelter in place.

If you are in a safe location during a total lockdown:

- If inside and in a safe location, stay where you are.
- Move to a securable area (such as an office or classroom) and lock interior doors.
- Close the window coverings.
- Move away from the windows and get low on the floor.
- Keep occupants calm, quiet and out of sight.
- Silence cell phones.
- Remain in your secure area until further direction or the all clear is given.

If you are unable to enter a building because of a total lockdown:

- Leave the area and seek safe shelter off campus.
- Return to campus only after the all clear is given.

Royal Card Access Only

What: All exterior building doors are locked. Access is only available by Royal card.

This is the typical setting for all residence halls and evening/weekend hours for all University Buildings.

Why: A precautionary measure to prevent a potential threat from gaining entry to University buildings.

This is not a Lockdown-- There are no restrictions on movement throughout campus.

Classes and University business will continue under a normal schedule unless directed otherwise.

Shelter-In-Place

What: Shelter-in-place is an occupant protection strategy that may be issued in response to a variety of incidents where it is safer for building occupants to remain in the sheltered area of a building.

Why:

- Imminent or potential severe weather conditions (high winds, hail, tornado or severe thunderstorm)
- Presence of harmful vapors or other products of a nearby chemical release
- Presence or threat of an active shooter on campus
- In response to a serious activity and/or violent crime that has been reported on or near campus.

- If inside and in a safe location, stay where you are.
- If outdoors, seek shelter in the nearest building.
- Locate an interior room to shelter inside.
- Close windows, vents and close exterior doors.
- Stay in place until directed by ENS message and/or emergency personnel.
- Building access may or may not be restricted based on the circumstances of the incident.

Evacuation

- Always evacuate at the sound of the alarm.
- If you discover a fire, pull the nearest fire alarm.
- Collect your immediate belongings and exit by the nearest designated route.
- Support those that may need assistance.
- Close but DO NOT LOCK doors as you leave.
- DO NOT USE ELEVATORS.
- Leave the building and proceed to the Rally Point.
- Do not return to the building until directed by University Police.

If you are trained to use a fire extinguisher:

R - Rescue

A - Alarm

C - Confine

E - Extinguish

Active Shooter

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms and there is no pattern or method to their selection of victims.

There are three basic options: run, hide, or fight

RUN:

- If possible, exit building and run.
- After securing yourself, call University Police or 9-1-1.

HIDE:

- Find a safe place to hide.
- Lock and barricade doors, close windows, turn off lights and silence your phone.
- Stay in place until directed by ENS message and/or emergency personnel.

FIGHT:

- As a last resort, your only chance may be to fight.

Bomb Threat

- Immediately report all bomb threats to University Police and await further instructions.

If or when directed to evacuate the building:

- Collect your immediate belongings and exit by the nearest designated route.
- While evacuating be aware of any suspicious objects and report them to the police.
- Proceed to your designated assembly area.
- Do not return to the building until directed by University or Emergency Response Officials.

If You See Something, Say Something

Bomb Threat- Phone Call

If you receive a bomb threat via phone while at work:

- Remain calm and keep the caller on the line.
- Ask:
 - Where is the bomb?
 - What kind of bomb is it?
 - What is your name?
 - Where are you now?
 - When will it explode?
 - What does it look like?
 - Why did you place it?
- Do NOT Hang up.
- Try to record the incoming call number and/or provider information.

Suspicious Package

If you find a Suspicious Package:

- Without touching or disturbing the item, note the size, shape and location.
- Provide the information immediately to University Police.
- Clear the area and instruct everyone to stay away.
- If you handled the item, wash your hands.

Persons Requiring Assistance

Persons Requiring Assistance

- Exit the building if possible, or report to the nearest Area of Rescue Assistance (or stairwell, lobby).
 - Notify emergency responders of your location via emergency telephone if available.
 - Ask others for support if needed.
-

Persons Providing Assistance

- Help individuals in need of assistance get to a safe area.
- Notify emergency responders of the location of any person(s) in need of assistance.

Life-Threatening Injuries:

- Call University Police:
(570) 941-7777
-Or-
9-1-1
- Provide as much information as possible about the injury and victim.
- University Police will alert medical responders.
- If trained in First aid/CPR, act within your expertise.
- Remain calm and stay with the person.
- Do not crowd.

Non-Life-Threatening Injuries:

- Call University Police or 9-1-1 when any medical assistance is necessary but is not life-threatening.
- Employees must report all work-related injuries to their immediate supervisor and Human Resources.
- Students or visitors must report all injuries to University Police.

CALL 911

Mental Health Crisis

If a student's conduct is clearly & imminently reckless, disorderly, dangerous, or threatening including threats or active self-harm behavior:

- *Call University Police (570-941-7777) or 911 immediately to describe the situation.*
-

If the student shows signs of distress, but I am unsure how serious it is.

-or-

My interaction has left me feeling uneasy and/or really concerned about the student.

- *Consult with the University Counseling Center (570-941-7620).*

Hours: 8:30 AM to 4:30 PM Monday through Friday. For after-hours consultation, call University Police & ask for the counselor on-call.

Elevator Failure

- If trapped, use the emergency phone to notify University Police.

(570) 941-7777

-Or-

9-1-1

- If a phone is not present, turn on the emergency alarm located on the front panel.
- Remain calm.
- DO NOT attempt to exit the elevator without instructions from University Police.

Hazardous Materials/Chemicals

- Clear the immediate area.
- Evacuate the building, closing doors behind you.
- If not in immediate danger, call University Police.
- Report any chemical information, Safety Data Sheet (SDS), injuries or exposures, types of chemicals, hazards (fire, reactivity, health), odors, and container type.
- Only trained individuals should assess hazardous materials and chemical spills.
- Do not return until directed by qualified personnel.

In the event of a suspected gas leak:

- Stop all operations.
- DO NOT turn anything on or off (lights, electrical equipment, cell phones, etc.)
- Remove sources of ignition (cigarettes, candles).
- Evacuate the immediate area.
- Contact University Police or 9-1-1.

Severe Weather/Hurricane

Advisory: Advisories are for less serious conditions when a severe weather is occurring, imminent or likely.

Watch: A watch means weather conditions are favorable for dangerous weather to occur.

Warning: A warning means the weather event is imminent or occurring somewhere in the defined warning area and that people need to take shelter as soon as possible.

PREPARE

- Monitor weather reports and Emergency Notifications
- Collect immediately available necessities, including medications, cell phone and chargers.
- Conserve cell phone battery power in the event of a power outage.

DURING THE STORM

- Shelter- Stay in place unless in danger (flood, electrical).
- Take refuge in a small interior room, closet, or hallway on the lowest level during the storm. Put as many walls between you and the outside as you can. Stay away from windows, skylights, and glass doors.
- Follow directions from local authorities and The University ENS.
- Stay away from:
 - Downed wires
 - Floodwater, which may be contaminated
 - Electrical appliances affected by water
 - Structural collapse areas or other unsafe areas
 - Dangerous debris
 - Dead animals or venomous snakes in floodwaters

AFTER THE STORM

- Setup portable generators outside away from windows, doors, vents.
- Use flashlights or battery-powered lights instead of candles.
- If you smell gas or hear gas leaking, LEAVE the area, CALL 911. Do not turn on lights.
- Stay out of any building surrounded by floodwaters.
- Do not attempt to cross floodwaters.
- Building hazards may include collapse, mold, sewage or hazardous materials.

Tornado/High Winds

PREPARE

- TORNADO WARNING = Take Action. A tornado has been sighted or indicated by weather radar. There may be imminent danger.
- Monitor weather reports and Emergency Notifications
- Collect immediately available necessities, including medications, cell phone and chargers.
- Conserve cell phone battery power in the event of a power outage.
- Move to an interior room on the lowest floor of the building- Avoid windows

DURING THE STORM

- Get under the sturdiest piece of furniture.
- If outside and can't get into a building, go to a low-lying area away from cars, like a ditch and lie down flat with your hands covering your head.
- If you are in a vehicle, plan to get to the nearest accessible building.
- If the tornado is visible, far away, and traffic is light, you may be able to drive out of its path by moving at right angles to the tornado.
- If you are caught- Park out of traffic lanes and stay in the car with your seatbelt on. Put your head down below the window and cover with your hands, coat, or blanket.
- If you can safely get below the level of the road- leave your car and lie in that area, taking cover. Avoid bridges.
- Follow directions from local authorities and The University ENS.

AFTER THE STORM

- You may need to evacuate your building due to unsafe conditions.
- Use flashlights or battery-powered lights instead of candles.
- If you smell gas or hear gas leaking, LEAVE the area, CALL 911. Do not turn on lights.
- Building hazards may include collapse, mold, sewage or hazardous materials.

PREPARE

- Flood Watch = Conditions are favorable for flash flooding. A watch means to get prepared for possible flooding.
- Flash Flood Warning = Life-threatening flooding is imminent or occurring. A flash flood is a flood that occurs very quickly; it is caused by heavy rainfall over a short period of time or from a dam break. A warning means to leave low-lying or flood prone areas.
- Monitor weather reports and Emergency Notifications
- Collect immediately available necessities, including medications, cell phone and chargers.
- Conserve cell phone battery power in the event of a power outage.

DURING/AFTER THE FLOOD

- Shelter in an area of higher ground.
- Stay out of any building surrounded by floodwaters.
- Do not attempt to cross floodwaters.
- Building hazards may include collapse, mold, sewage or hazardous materials.
- Stay away from:
 - Downed wires
 - Floodwater, which may be contaminated
 - Electrical appliances affected by water
 - Structural collapse areas or other unsafe areas
 - Dangerous debris
 - Dead animals or venomous snakes in floodwaters
