Please email the following materials to: Dr. Jessica Nolan at Jessica.nolan@scranton.edu:

- ☐ Unofficial transcripts
- ☐ Résumé

Please type your answer to the following questions:

1. What are your short-term and long-term educational and career goals? For example, after graduating from the University of Scranton, what would you like to do?
2. Why are you interested in participating in PRIME? How will this experience help you to achieve your short-term and long-term goals?
3. For each of the following skill sets, please describe any experience you have that demonstrates your competence in this area.
 - a. Skill Set 1: Computer skills. General comfort with computers is essential, familiarity with Excel, Word, and SPSS is ideal.
 - b. Skill Set 2: Communication. Communication both inside our lab and in some cases with the broader community.
 - c. Skill Set 3: Self-discipline. You should have a strong work ethic and be able to work productively with minimal supervision. You will be expected to balance a range of research activities and to finish the tasks assigned to you in a timely fashion.

Please submit your completed application using the google form link provided via email, or if you do not have a google account please email your completed application and supporting materials to: Dr. Jessica Nolan at Jessica.nolan@scranton.edu.
