

2010-2011 School Counseling Report (Earlier reporting format)

For the 2010-2011 academic year, a total of twenty students graduated from the school counseling program. All students passed the clinical requirements in practicum and internship. Eleven of the twenty students responded to the Post-Graduation Activities Survey. Of the 11 respondents, 10 graduates were employed full time as school counselors. One student was unemployed in the school counseling field. The outcomes of 10 graduates are unknown.
