

**2013-2014 PENNSYLVANIA DEPARTMENT OF EDUCATION (PDE) BUREAU OF SCHOOL LEADERSHIP AND TEACHER QUALITY**  
**CERTIFYING TESTS AND SCORES** (implemented 1/1/2010)

**Introduction**

This document is divided into seven (7) sections, separated from one another by a heavy dark line:

- 1) Cautions
- 2) Pre-service Academic Performance Assessment (PAPA)
- 3) Instructional, Administrative and Educational Specialist Certification Areas for which PDE requires a certification test
- 4) Educational Specialist Certification Areas for which PDE does not require certification tests
- 5) Composite Scoring Method for tests
- 6) Vocational Certificate Testing
- 7) Recently Replaced Tests

**Cautions** 

- A) The GPA Qualifying Score scale is applied only to applicants for PA certification, and only at the time of application; scaled scores are based on the candidate's **final** GPA. The candidate for certification must be finished with his/her program of studies and must have a final GPA in order for this scale to have any consideration. The 3.0-3.009 GPA qualifying score must be attained or exceeded for add-on and intern applications.
- B) The qualifying score for a GPA range is based on the Standard Error of Measurement (SEM) on that test, which may change as data is received. PDE will make such changes to this document yearly, if data on new tests are available. SEM information for other tests may be updated at five year intervals. This table is current for 2013-2014.
- C) GPA's are illustrated up to three decimal places; no rounding is permitted.
- D) Act 24 of 2011 removed the requirement for pre-professional skills tests, such as PAPA and PPST, for post-baccalaureate instructional certificate program candidates. Educational Specialist candidates who do not have a professional license or a PA Instructional certificate must also take the PAPA tests.
- E) The content-specific test is found by clicking on the link to the test vendor found in the last column. Carefully check the test vendor site to make sure that you are selecting the correct test for Pennsylvania certification.
- F) PDE permits World Language certificate candidates the option of taking either the PRAXIS or the ACTFL tests, when both are available. If the ACTFL option is selected, candidates should take the Oral Proficiency Interview (OPI) or Oral Proficiency Interview by Computer (OPIc) and the Written Proficiency Test (WPT). Mandarin must be taken for the Chinese language exam(s). The minimum proficiency to qualify is Intermediate High for each ACTFL test. Go to [Language Testing International \(LTI\)](#) for more information about the ACTFL tests.
- G) All tests scores must be sent electronically to PDE directly from the test provider. Applicants may submit a copy of the test score report for informational purposes; certification cannot be granted based on the applicant's copy.
- H) Official test scores are valid for life. Content area tests taken during a period in which the test was accepted for certification may meet the requirement if it meets the replaced test policy in the [CSPG # 21](#). For a listing of [recently replaced tests](#), see page 8 of this document.
- I) [Recently replaced tests](#) are listed as a separate table beginning on page 8, and indicated with a hyperlinked arrow ([→](#)) in the tables below.

**CERTIFYING TESTS AND SCORES** (implemented 1/1/2010)

<b>I. Composite Score Option for PAPA:</b>			
<p>The Composite Scoring Option for PAPA was initiated to enable a candidate who may excel in one area such as mathematics, but who is not strong in another PAPA area, to receive a passing score on the PAPA series. In order to qualify, a candidate must meet a minimum score in each test area (Mathematics, Reading, and Writing) <b>and</b> then exceed the passing score by an amount equal to the Standard Error of Measurement in one or two of the other test areas. The candidate's test scores are added together, and if the scores total 686, the candidate has passed the PAPA series. The Minimum Scores required for the Composite Scoring Option are shown below.</p>			
<b>Test Name</b>	<b>Test #</b>	<b>PAPA Qualifying Score</b>	<b>Minimum Composite Score</b>
PAPA Reading	8001	220	<b>193</b>
PAPA Mathematics	8002	220	<b>197</b>
PAPA Writing	8003	220	<b>192</b>
<p><b>Minimum Composite Score Total: 686</b>            Sum of the 3 PAPA tests must total or exceed 686. This total does not represent the sum of the 3 minimum scores. Candidates must achieve the PAPA Qualifying Score (220) in at least 1 (one) area <b>and</b> also reach the Minimum Composite Score Total.</p>			
<b>II. Composite Score Option for those who took/registered for the PPST (Praxis I) tests prior to 9/01/2012:</b>			
<p>Instructional I candidates may use the PPST composite score method to meet the requirements for certification if they took or registered for the PPST (Praxis I) tests prior to 9/01/2012. The composite score method may assist a candidate who may excel in one area such as mathematics, but is not strong in another area. Two conditions must be met to use the composite score method: (1) the Minimum Composite Score on each Pre-Professional Skills Test (PPST) is achieved or surpassed; and (2) the sum of the three test scores must be at least 521 to qualify for PA certification. If any test is below the minimum shown below, the composite score may not be used.</p>			
<b>Test Name</b>	<b>Test #</b>	<b>Praxis Qualifying Score</b>	<b>Minimum Composite Score</b>
PPST Reading or Computerized PPST Reading	0710 or 5710	172	169
PPST Writing or Computerized PPST Writing	0720 or 5720	173	170
PPST Mathematics or Computerized PPST Mathematics	0730 or 5730	173	170
<p><b>Minimum Composite Score Total: 521</b>  <b>(Sum of the three PPST Scores must total or exceed this number)</b></p>			<p>Total does not represent the sum of the 3 minimum scores. Candidates must achieve the Praxis Qualifying Score in at least 1 area <b>and also</b> reach the Minimum Composite Score Total.</p>

\*Standard error data available in August 2014 if enough data is available

\*\*Regulation does not permit application of the 2.8-3.0 GPA policy

† Score corrections 8/2011 Effective for tests TAKEN on or after January 1, 2012

**2013-2014 PENNSYLVANIA DEPARTMENT OF EDUCATION (PDE) BUREAU OF SCHOOL LEADERSHIP AND TEACHER QUALITY**  
**CERTIFYING TESTS AND SCORES** (implemented 1/1/2010)

**III. Pre-Professional Skills Tests (PPSTs/Praxis 1) for Vocational Certification Candidates**

Pre-professional Skills Test	Test Vendor	Qualifying score 2.80-2.999 GPA (+ 1 SEM)	Qualifying Score 3.0-3.009 GPA	Qualifying Score 3.010-3.259 GPA ( - 0.25 SEM)	Qualifying Score 3.26-3.509 GPA ( - 0.5 SEM)	Qualifying Score 3.51-3.759 GPA ( - 0.75 SEM)	Qualifying Score 3.76-4.0 GPA ( -1 SEM)	Standard Error of Measurement (SEM)
PPST Reading (0710/5710) <i>Replaced by Core Academic Skills for Educators: Reading (5712) for Vocational certifications 9/1/2014. Qualifying Score to be determined.</i>	<a href="#">ETS</a>	N/A**	<b>172</b>	171	171	170	169†	3
PPST Mathematics (0730/5730) <i>Replaced by Core Academic Skills for Educators: Mathematics (5732) for Vocational certifications 9/1/2014. Qualifying Score to be determined.</i>	<a href="#">ETS</a>	N/A**	<b>173</b>	172	172	171	170†	3
PPST Writing (0720/5720) <i>Replaced by Core Academic Skills for Educators: Writing (5722) for Vocational certifications 9/1/2014. Qualifying Score to be determined.</i>	<a href="#">ETS</a>	N/A**	<b>173</b>	172	172	171	170	3

**IV. Composite Score Method for Vocational Level I Certificate Candidates:**

This method is used to assist a Vocational I candidate who scores high in one PPST area, but scores below the qualifying score in another PPST area. An average of the two scores must be equal or exceed 172.5. Note there are no minimum qualifying scores required for use of the Vocational I Composite Score Method.

Vocational I Composite Score Method Example:

An individual took the PPST Reading and Writing tests and scored as follows:      PPST Reading score: 175      PPST Writing score: 170

When this individual's scores are averaged, they total 172.5 ( $175 + 170 \div 2 = 172.5$ ). Therefore, this person qualifies for certification under the Vocational I Composite Score Method.

\*Standard error data available in August 2014 if enough data is available

\*\*Regulation does not permit application of the 2.8-3.0 GPA policy
