

Interstate Agreement

The National Association of State Directors of Teacher Education and Certification (NASDTEC) Interstate Agreement facilitates the movement of educators among the states and other jurisdictions that are members of NASDTEC and have signed the Agreement. The Interstate Agreement has developed common terminology to describe a certification/license that facilitates comparability determinations by state departments of Education. The terms in the NASDTEC Interstate Agreement provide a common vocabulary which Member Jurisdictions agree to use in disseminating information nationally and internationally.
