## Level 1 Course

*This program is recognized by the APTA as a Clinical Instructor (CI) Education and Credentialing Program and was developed through a grant funded by the APTA. Participants must attend each session in its entirety and complete the Assessment Center to be eligible for credentialing. Upon successful completion of each station of this 15-hour program, APTA Credentialing will be awarded (15 contact hours PA approved).*

**Instructor** Janette Scardillo, PT, DPT, Director of Clinical Education at the University of Scranton

**Course Objectives:** At the end of this 2-day continuing education course, participants will be able to:

- Plan and prepare for students prior to and during their clinical education experiences.
- Develop effective learning experiences for students based upon students' learning styles.
- Promote supportive learning environments.
- Effectively evaluate a student's performance during clinical fieldwork.
- Identify appropriate strategies for managing the exceptional student.
- Gain insight as to understanding legal implications of clinical education.

**Continuing Education Credit:** Successful completion of the course provides credentialed CIs with 1.5 CEUs and the APTA CCIP Level 1 credential. ### Level 2 Course

*Enrollment in the Level 2 course requires previous successful completion of the level 1 (formerly known as Basic) CI credentialing program. The program is divided into 3 distinct parts: 1) **Prerequisite assignments include completing a Participant Dossier, reading 4 designated articles, and completing 3 of APTA's online Professionalism Modules.** 2) Clinical instructor education is conducted via an interactive didactic course format that is appropriate to all clinical educators. 3) An Assessment Center component (credentialing) of curricula outcomes is conducted to apply information from the CCIP Level 2 didactic instruction.*

**Instructor** Barbara Wagner, PT, DPT, MHA

**Course Objectives:** At the conclusion of the CCIP Level 2 training, the participant will be able to:

- Discuss the benefits and key components of a clinical curriculum.
- Advance clinical teaching concepts learned in the Credentialed Clinical Instructor Program Level 1 as applied to the novice-mastery clinical practice continuum.
- Integrate professionalism in a clinical curriculum that promotes the guiding principles to achieve the Vision for the Physical Therapy Profession and the core values.
- Diagnose and foster a student's clinical reasoning.
- Outline a clinical curriculum to provide key learning experiences critical to patient and client management in the student's practice upon graduation and licensure.
- Integrate interprofessional education and collaborative practice into a clinical curriculum.
- Integrate advocacy into a clinical curriculum.

**Continuing Education Credit:** Successful completion of the course provides credentialed CIs with 1.7 CEUs and the APTA CCIP Level 2 credential. Clinicians from other health care professions who complete CCIP Level 2 are eligible to receive 1.3 CEUs, but would not be awarded the Level 2 CI Credential.
