Meeting ID: 931 9074 1074

Passcode: 2020

Please join us for platform presentations of systematic review studies on a wide variety of PT Clinical management topics including:

- ❖ Ergonomics in the workplace, home health outcomes (COPD, frail older adults), medical cannabis and PD, FES and chronic SCI, rest and concussion recovery in children, PT in ED for fallers, smart homes and older adults with mild cognitive impairment, technology and vestibular adaptation, music in the ICU, tDCS and ataxia, diagnostic US and shoulder pathology

We welcome all friends, family, students, clinicians, and others who would like to learn more about the latest research in the areas listed above and celebrate the hard work and dedication of our DPT Year 3 students as they near completion of our program.

This course is approved for 3 general contact hours (CEUs). However, you must view the entire session and pass a quiz to receive credit. The University of Scranton has pre-approved provider status with the PA State Board of Physical Therapy. The PA State Board of Physical Therapy has ultimate authority to the determination.

To receive CEUs: Please register to affirm that you will be attending the entire zoom session. At the completion of the session, you will be sent a quiz to be completed within 1 week of the session. If you receive >80% on the post-quiz, you will be sent a certificate of completion.
