

Undergraduate Exercise Science

1) Institutional Learning Outcome	2) Program Student Learning Outcome	3) Artifact(s) used to assess PLO (e.g. paper, project, exam, presentation, etc.)	4) Assessment Instrument(s) used to assess artifact(s) (e.g. rubric)	5) Benchmark(s)	6) Findings	7)Planned use of the results
Students will demonstrate competence in their chosen field of study, using the knowledge and ability to address the most significant questions, and advancing towards positions of leadership.	Students will demonstrate proficiency in assessment of health status/physical fitness and the design, implementation and evaluation of exercise programs for both healthy and clinical populations.	Senior Exit Survey Questions EXSC 442 Case Studies	Survey Rubric	>80% of students will indicate that they can complete an assessment of one's health status/physical fitness. ("Agree" or "Strongly Agree") >80% of students will indicate that they can design, implement, and evaluate exercise programs for both healthy and clinical populations. 100% of students will earn a grade of >90%	80% indicated "Agree" or "Strongly Agree" 77% indicated "Agree" or "Strongly Agree" 100% earned a grade of >90%	1.) EXSC 360 Essentials of Strength and Cond. Has been added as a required course starting with FR 2016. 2.) Include artifact(s) from EXSC 375 Exercise Testing/Programming for Health and Performance and EXSC 360 in the assessment.
Students will demonstrate competence in their chosen field of study, using the knowledge and ability to address	Students will demonstrate proficiency in the physiological basis of human movement and its impact on health,	Senior Exit Survey Questions	Survey	>80% of students will indicate that they can explain the physiological basis of human movement and its impact on health, injury, and exercise	80% indicated "Agree" or "Strongly Agree"	1.) Identify the students' specific areas of weakness or concern through the use of follow-up questions on survey.
