Our benchmark of 90% first-time pass rate for the Comprehensive Examination was not met. We had an 84% (31 out of 37) first-time pass rate on the Comprehensive Exam. All students passed on the second attempt. The breakdown was as follows: for family nurse practitioner students – 17/21 passed first time; for adult-gerontology clinical nurse specialist students – 1/2 passed first time; for nurse anesthesia students -13/14 passed first time.

5. Where applicable, outline the steps you will take to make improvements to the program based on the results of assessment activities identified in #3.

The Comprehensive Examination used to measure this outcome was slightly revised to reflect an increase in difficulty and better prepare students for the national certification examination in their respective specialty. This is the first time that we did
