

Accelerated/Combined Master's Degree Program Curriculum Approval Worksheet

Students applying to an Accelerated/Combined Master's Degree Program must complete the following steps:

1. Meet with Accelerated/Combined Graduate Program Director to determine eligibility to apply and identify graduate courses that will be taken during undergraduate program
2. Complete the Curriculum Approval Worksheet in its entirety
3. Meet with Undergraduate Advisor to review and approve undergraduate degree plan
4. Submit worksheet to Undergraduate Chair for approval
5. Submit worksheet to Undergraduate Dean for approval
6. Complete online application for admission to graduate accelerated program (including GMAT or GRE score if required).

Completion of this form does not guarantee acceptance to an Accelerated/Combined Program. Submission of all admission and application documents are required to determine acceptance.

Financial Aid Notice: Eligibility for full time undergraduate financial aid requires a student to be enrolled in a minimum of 12 credits that will count toward his/her undergraduate degree per term. Traditional undergraduate students may register for 12 to 18 credits under the Flat Rate Tuition. If a student is enrolled in 12 credits that apply toward his/her undergraduate degree, additional credits would be processed under the Flat Rate Tuition at no additional tuition charges for that semester. Credits exceeding 18 credits will be billed at the per credit rate. The Dean's approval is required for an accelerated student to register for more than 15 credits/term.

In order to remain compliant with PA State Grant Program's requirements, it is important to note that we cannot credit PA State Grant/Scholarship funds to a student's account until after the final term course in which the student is enrolled has begun and the student's enrollment in the course has been confirmed.

List graduate courses that will be taken during undergraduate degree program below (maximum of 12 credits). Please note: graduate courses may not be used to fulfill undergraduate degree requirements that have already been satisfied by previously completed coursework.

Department & Course Number	Proposed Graduate Course	Credits	Undergraduate Course Requirement the Graduate Course Will Satisfy (Also indicate if none.)	Semester of Planned Enrollment	Course Modality	Part-of-term the Course is Offered

Graduate course registration will be completed by the appropriate representative of the student's College/Advising Center according to this worksheet after communication from the student or the Graduate Program Director.

Modifications to this plan require submission of a new Curriculum Approval Worksheet.
