

A Quick Start Guide to Researching with Royal Search

The screenshot shows the 'Royal Search' section of the Weinberg Memorial Library website. At the top, the library's name is displayed in a large, dark blue font. Below it, a dark blue header bar contains the text 'Royal Search' and a small upward-pointing arrow. The main search area features a light gray background with a search input field containing the placeholder text 'Search articles, books, journals, & more at my Library' and a dark blue 'Search' button. Below the search field, there is a checkbox labeled 'Print and Media Only' and a link for 'Advanced Search'. A section titled 'Additional Research Tools:' lists four items: 'A-Z Databases List', 'PALCI EZBorrow', 'ILLiad', and 'Digital Collections'. At the bottom of the screenshot, four dark blue navigation buttons are visible: 'Publication Finder', 'Open Access Search', 'Research Guides', and 'Course Reserves', each with a downward-pointing arrow.

Looking at Results

The screenshot shows the EBSCO search results page for the query "artificial intelligence". The search box at the top contains the text "artificial intelligence" and has a "MyEBSCO" account icon to its right. Below the search box, there are several filter buttons: "All filters (0)", "Online full text", "Peer reviewed", and "All time". A red box labeled "1" highlights these filter buttons. To the right of the filters, there is an "Advanced search" button labeled "2". Below the filters, the results count is "Results: 2,718,251" with a red box labeled "1" around it. A "Relevance" dropdown menu is also visible. The main content area shows a publication titled "Artificial intelligence" with a red box labeled "3" around the title. Below the title, there is a search box for "Search this publication" and a link "About this publication". A blue banner below the search box says "We found 8 more matches for 'Artificial intelligence' See all publication matches". Below the publication details, there is a section for "Videorecording" with the title "Artificial Intelligence / Distribution360." and a summary: "Summary: Can we trust the robots of the future? Explores the world of artificial intelligence, taking us into labs and workshops where innovators teach robots to perceive, think, and move just like human beings." Below the summary, there are fields for "Status:", "Location:", and "Call number:". At the bottom of the page, there are buttons for "Access options" and "View details". On the left side of the page, there is a "My dashboard" section with a red box labeled "3" around it, containing links for "Overview", "Projects", "Saved", "Searches", and "Viewed". Below that is a "Research tools" section with a red box labeled "4" around it, containing links for "General search", "Publications", and "Concept map". At the bottom of the left sidebar is an "Additional Resources" section with a red box labeled "5" around it, containing links for "A-to-Z Database List", "Search EZBorrow", "My Library Account", and "Search Print and Media Reserves".

1 Quick Filters quickly fine-tune your results from just below the search box.

2 Click "Advanced Search" to enter a more structured search with multiple terms.

"My Dashboard" will connect with your EBSCO account if you have one.
3 If you don't have one or don't want one, that's okay. It's not necessary for using Royal Search.

4 "Publications" will allow you to search for journals and eBooks by title or browse them by subject.

5 Additional resources will link you to other useful pages like the A-to-Z Database list, EZ Borrow, your library account, and print and media reserves.

Setting Filters

Limits to all print and media plus any online full text. (Always selected by default)

Limit to all full text electronic resources

Limit to titles that are peer reviewed

Limit to physical print and media items
