Dear <FIRST>,

It's hard to believe, but it's been thirty-five years since Joe Biden delivered our commencement speech at graduation. Join us; the members of the Reunion committee and the class of 1976, this June to celebrate our Reunion, back where it all began.

As reunion nears, we remember the professors who impacted our lives. We recall friends whom we have not seen in many years and embrace the memories of the clubs and organizations in which we once belonged.

When we left the University of Scranton, we left as the class of many firsts. We were the first year the University of Scranton allowed women to enroll. We were the first class to have an NCAA Division III Basketball Championship and the first to have a Fullbright Scholar.

As we look back at the year of firsts, let this be the first year to break records with our support and attendance. "The U" has given us this opportunity to reconnect with the friends with whom we shared it all. Though we each have separated and traveled life's many different paths, let our 35th reunion bring us back together.
