GUIDANCE FOR FACE COVERINGS IN PUBLIC

The University, following recommendations from the CDC and Governor Wolf, is encouraging the University Community to use face coverings in an effort to slow the spread of COVID-19. Face coverings also protect others in case you are infected.

The use of face coverings and personal protective equipment (PPE) is beneficial, but does not replace other safe practices, such as respiratory etiquette, hand hygiene and social distancing.

OPTIONS FOR FACE PROTECTION

<table>
<thead>
<tr>
<th>N95 Respirator</th>
<th>Surgical Mask</th>
<th>Face Covering</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1.png" alt="N95 Respirator" /></td>
<td><img src="image2.png" alt="Surgical Mask" /></td>
<td><img src="image3.png" alt="Face Covering" /></td>
</tr>
<tr>
<td>NIOSH-approved</td>
<td>Most are FDA-approved</td>
<td>No certification, can be homemade</td>
</tr>
<tr>
<td>Filters particles, small aerosols</td>
<td>Protect against large droplets, splashes and fluids</td>
<td>Provides some protection against respiratory droplets</td>
</tr>
<tr>
<td>Protects against large droplets</td>
<td>Does NOT filter small particles</td>
<td>Fabric</td>
</tr>
<tr>
<td>Employees must be trained, qualified and properly fitted</td>
<td></td>
<td>Does NOT filter small particles</td>
</tr>
</tbody>
</table>

Plastic faceshields and eye protection (goggles) can also be used for added protection.

RECOMMENDATIONS

- Members of the University Community should follow the CDC and Pennsylvania recommendations and wear a face covering when visiting campus.
- Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.
- Due to current supply issues, the use of N95 masks should be limited to Healthcare Professionals, including EMS.
- The Environmental Health & Safety Office can review your area and provide recommendations.
**HOW TO WEAR CLOTH FACE COVERINGS**

Per CDC recommendations, cloth face coverings should:

- Fit snugly but comfortably against the side of the face
- Be secured with ties or ear loops
- Include multiple layers of fabric
- Allow for breathing without restriction
- Be able to be laundered and machine dried without damage or change to shape

*Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the cloth face covering without assistance.

**SHOULD CLOTH FACE COVERINGS BE CLEANED?**

Yes. They should be routinely washed depending on the frequency of use.

**HOW DOES ONE SAFELY CLEAN A CLOTH FACE COVERING?**

A washing machine should suffice in properly washing a cloth face covering.

**REMOVING A FACE COVERING**

- Try to only handle the straps
- Do not to touch your eyes, nose, and mouth when removing
- Wash hands immediately after removing.
