INTRODUCTION

This guide was developed to provide a clear understanding of The University of Scranton's administration of student assistance programs. It is important for you to review the guide and educate yourself about the programs.

The University of Scranton's Financial Aid Office administers a full spectrum of programs: scholarships, grants, loans and part-time employment. Program funds are made possible by the University's participation in Federal Student Grant and Loan Programs, Pennsylvania and other state grant programs, as well as University funded and endowed scholarships and grants. A description of these programs is contained in this publication. Additional information on endowed awards is contained in the University's undergraduate catalog.

Participation in programs funded by federal and state agencies requires that the Financial Aid Office comply with the regulations set forth by each agency concerning student eligibility and academic progress standards. Requirements for each program are addressed in later sections of this publication.

The University of Scranton adheres to the principle that the family has the primary responsibility for educational expenses. Financial aid is regarded as a supplement to the student's and parents' resources.

HOW FINANCIAL AID ELIGIBILITY IS DETERMINED

Financial aid packages for Undergraduate students are developed after first determining the expected family contribution (EFC). The types of aid awarded will vary with the individual student's need and may consist of a combination of grant, loan, work and scholarship assistance. In developing a financial aid package, a basic calculation is used:

Total Educational Costs

$$\frac{\text{Less Expected Family Contribution (EFC)}}{\text{Equals Student's Total Financial Need}}$$

The total educational costs include all expenses a student will incur and consist of tuition, fees, living expenses, books, transportation and personal expenses.

The expected family contribution is based on several factors that are reported on the FAFSA (needs analysis application). The contribution takes into account parent and student and, if independent, student's spouse, taxable and untaxed income, assets, family size, and number of family members enrolled in college. The EFC is used to determine the student's financial need. It is not necessarily the amount to be paid to the University.

Financial need is the difference between total costs and the student's resources and is the figure used in determining eligibility for need-based aid.

At The University of Scranton, a student's financial need can be met by a variety of financial aid resources, including the federal Pell Grant,

TEACH Grant, state grants such as PA State Grant, federal campus-based programs, and University scholarships and grants.

When a financial aid package is developed, the student's eligibility for federal grants is estimated first. It is the foundation upon which all other aid is awarded.

After the student's federal and state grant eligibility is estimated, the student is considered for University of Scranton grant funds. Awards are based on the student's academic record, demonstrated financial need or a combination of both.

In addition, students who demonstrate financial need as defined by the federal government may be considered for one or more of the following federal campus-based aid programs: Supplemental Educational Opportunity Grant (SEOG) and Work Study.

To help meet those costs not covered by the financial aid package, students may borrow under the Direct Stafford Loan, the Direct Parent PLUS Loan programs and the Alternative Loan program.

Awards for students billed on a per-credit basis will be prorated based on those costs. Students must also notify the Financial Aid Office prior to the beginning of the term regarding their part time status. Written request must be submitted to the Financial Aid Office prior to the beginning of the term.

Students enrolling for 3 credits during the Intersession and 9 credits for Spring will be packaged as full-time students for the Spring term. Their aid, however, will be calculated based on the actual per-credit tuition and fees charge. Students must contact the Financial Aid Office regarding this status.

HOUSING STATUS CHANGES

Award amounts are influenced by choice of housing. Students who change from University owned housing to off-campus or commuter housing will have their need-based aid eligibility determined using a lower cost of attendance budget. University of Scranton need-based awards may be reduced on average \$5,000 an academic year.

FINANCIAL AID APPLICATION PROCEDURES

Financial aid is awarded for one year only and renewal is not automatic. All forms of need-based financial aid must be reapplied for annually. In addition to complying with renewal criteria for the different aid programs described in the following sections, students who wish to be considered for financial aid must submit all required applications by the filing deadline.

Filing Requirements for First-Year Students

All incoming first-year students are highly encouraged to complete the Free Application for Federal Student Aid (FAFSA). Preference is given to applicants who file by January 15 of the academic year prior to entering the University.

Renewal Application Procedures for Undergraduate Students

Every year, at the end of the fall semester, returning students are notified of the guidelines for the financial aid process for the subsequent academic year. The newsletter, containing required procedures is emailed to students' University of Scranton email and parents' FAFSA email. The newsletter is also available online at scranton.edu/financialaid and select Publications.

The FAFSA application must be completed by April 15 by all students applying for need-based aid programs. Students completing the FAFSA after September 1st, will be considered for University sources of aid for the Spring term only. Any extenuating circumstances for failure to comply with the filing deadline must be submitted in writing. Please attach supporting documentation.

The financial aid review process for returning students begins upon the completion of the spring semester, at which time academic progress is evaluated.

Financial Aid Application Procedures for Transfer Students

New transfer students must follow the same application procedures as all other financial aid applicants.

Transfer students are also responsible for providing academic transcripts from previous college(s) to the appropriate University Admissions Office for transfer credit evaluation. Academic transcripts will also be required for measuring the satisfactory academic progress of PA State Grant recipients as well as determining grade level for loan eligibility.

Students who withdraw or transfer from the University and subsequently are readmitted forfeit a previously awarded merit scholarship. Students will be reviewed for University need based funds provided that a current FAFSA is on file and are maintaining Satisfactory Academic Progress. Please refer to the Satisfactory Academic Progress Requirements.

Financial Aid Application Procedures for Non-Traditional Undergraduate Students

Non-Traditional Undergraduate students are eligible to apply for several forms of federal and state financial aid. Eligibility for all grants, loans and institutional aid requires the student to submit the Free Application for Federal Student Aid (FAFSA). The student must also submit signed copies of the tax information for the student and spouse/parent (if required). Priority deadline for incoming students is May 1. Returning students must file by April 15.

Financial Aid Application Procedures for Graduate Students

Students accepted as Graduate students and enrolled in at least 3 credits of graduate level work per term may apply for the Federal Direct Stafford Loan Program, Work Study and Graduate PLUS Loan programs. Graduate students applying for any federal financial aid listed

above, must complete the Free Application for Federal Student Aid (FAFSA) which is available on-line at studentaid.gov/fafsa.

When a determination of eligibility is made, an e-mail will be sent to the student advising to view their Electronic Eligibility Notification on the University's Self Service System via my.scranton.edu portal.

International Students may apply for a Private Educational Alternative Loan to help finance their educational costs. Information is available at scranton.edu/financialaid, select Loans & Financing Options, and click on Alternative Loan Programs. Students must be credit-worthy and must also apply with a credit-worthy U.S. citizen or a permanent resident who has resided in the United States for the previous two years.

FINANCIAL AID NOTIFICATIONS

The Financial Aid Office uses email correspondence to and from the Scranton email accounts and emails listed on the FAFSA.

Requests for outstanding documents will be sent by email to the Scranton email account and emails listed on the FAFSA. First and Final requests will also be sent by paper to the home mailing address.

Notifications of eligibility for need-based aid and loans will be sent by email to the Scranton email account and emails listed on the FAFSA. Students are advised to view their Electronic Eligibility Notification on the University's Self Service system via the my.scranton.edu portal.

Annual amounts can range between \$692 and \$6,895 as determined by the student's "Expected Family Contribution" (EFC), which is indicated on the Student Aid Report (SAR). Grant amounts also vary with the cost of attending a specific institution and the student's enrollment status.

The Pell Grant filing deadline for the 2022-23 academic year is June 30, 2023.

Federal SEOG – Supplemental Educational Opportunity Grant

The SEOG is a grant awarded to students with exceptional financial need. Priority is given to students who qualify for the Pell Grant. Federal Nursing Loan

Program currently not available. Federal Nursing Loan is a low interest (5%) loan that is administered by The University of Scranton for undergraduate students who demonstrate financial need.

Repayment begins nine months after graduation, withdrawal or change to less than half-time status. Interest accrues in the student's name beginning on the tenth month after the student ceases to be enrolled on at least a half-time basis. The maximum repayment schedule is ten years.

Entrance/Exit Counseling and Master Promissory Note (MPN) Requirement

Any new borrower will be required to complete an electronic Federal Nursing Loan Entrance Counseling and Master Promissory Note (MPN) before receiving the loan. The MPN will be valid for 10 years. If eligible for subsequent years, the

loans will be added to your MPN. The MPN explains the terms and conditions of your loan and is your legally binding agreement to repay your loan to the servicer, ECSI. Exit counseling for student borrowers who are graduating, leaving school or dropping below half-time enrollment will be notified on the procedures for completing Exit Counseling.

To satisfy the counseling and MPN requirements, you will need your FSA ID and Password to complete the process. Read and complete all required information. Please visit, scranton.edu/financialaid, select Loans & Financing options, and click on Federal Nursing Loan.

Federal Direct Stafford Student Loan

Direct Stafford Student Loans are available to students enrolled at least half-time (six credits per semester for Undergraduate students and three credits for Graduate students) in their program of study. In order to determine eligibility, all applicants must submit the Free Application for Federal Student Aid (FAFSA).

The Financial Aid Office certifies Direct Stafford Loans for all students who complete the FAFSA.

There are two types of Federal Direct Stafford Loans: the Subsidized Federal Direct Stafford Loan (Undergraduate students only) and the Unsubsidized Federal Direct Stafford Loan. For Subsidized Federal Direct Stafford Loans the federal government pays the interest while the student (borrower) is in school. Eligibility for a Subsidized Federal Direct Stafford Loan is based on family income and financial need established by standards set by the federal government. For Unsubsidized Federal Direct Stafford Loans the student (borrower) is charged interest during the in-school period and the grace period. The amount of the approved loan will not exceed the cost of education less other aid. Eligibility is also dependent on satisfactory academic progress.

Loan limits are determined by the student's grade level. Please refer to the Grade Level and Loan Eligibility Chart for the Direct Stafford Loans listed below. Origination fees of 1.057% will be charged. The fees will be deducted proportionately from each disbursement.

As of July 1, 2022, the interest rate is fixed at 4.99% for the Subsidized Direct Stafford Loan and 4.99% for the Unsubsidized Stafford Loan for Undergraduates. For Graduate students, the interest rate is fixed at 6.54% for the Unsubsidized Direct Stafford Loan.

Federal Direct Stafford Loan repayment begins when students either graduate, withdraw, or enroll less than half-time and have used the allowable grace period; usually six consecutive months.

Entrance/Exit Counseling and Master Promissory Note (MPN) Requirement

Any new borrower will be required to complete an electronic Federal Direct Stafford Loan Entrance Counseling and Master Promissory Note (MPN) before receiving the loan. The MPN will be valid for 10 years. As the loans are requested for subsequent years, the loans will be added to your MPN. The MPN explains the terms and conditions of your loan and is your legally binding agreement to repay your loan to a Department of Education Servicer. Exit counseling for student borrowers who are graduating, leaving school or dropping below half-time enrollment will be notified on the procedures for completing Exit Counseling.

To satisfy the counseling and MPN requirements, you will need your FSA ID and Password to complete the process. Read and complete all required information. Please visit, studentaid.gov.

Repeated courses cannot be included when calculating Financial Aid.

Federal Direct Parent PLUS Loan

The Federal Parent PLUS Loan for Undergraduate students is available to credit-worthy parents of dependent undergraduate students. A Free Application for Federal Student Aid (FAFSA) is required for all Plus Loan applicants.

Parents may choose to defer payments on a PLUS loan until six months after the date the student ceases to be enrolled at least half-time. Accruing interest may either be paid by the parent borrower twice a year, or be capitalized quarterly. A parent may take up to 10 years to repay the loan, depending upon the amount borrowed. Parents may also pay

the balance of the loan, plus any interest due, early and without a penalty. Interest will accrue after the first disbursement and repayment of interest and principal begins 60 days after the second disbursement.

Apply for the full academic year. Keep in mind a 4.228% fee will be charged. The fees will be deducted proportionately from each disbursement. As of July 1, 2022, the interest rate is fixed at 7.54%.

The student may qualify for an in-school deferment as long as they are enrolled at least on a half-time per semester basis. Accruing interest may either be paid by the borrower twice a year or be capitalized. A student may take up to 10 years to repay the loan, depending upon the amount borrowed. The balance of the loan, plus any interest due, can be paid early and without penalty.

Application

Students may apply online at scranton.edu/financialaid, click on Loans & Financing Options, and select Federal Direct Graduate PLUS Loans. Students must complete the Federal Direct Graduate PLUS Loan Request Form. Again apply for the academic year and remember the fees.

Alternative Loan Programs

Students with a credit-worthy co-applicant may apply for a private educational loan to finance educational costs. Please note that with current credit market conditions, credit approval for these loans has become more restrictive. There are variable and fixed interest rate loans. Application and credit review requirements vary. Our advice is to apply early if you choose one of these loans as part of your financing plan. Visit scranton.edu/financialaid, select Loans & Financing Options.

National Student Loan Data System (NSLDS)

Students and parents with federal loans will have loan information submitted to the National Student Loan Data System (NSLDS), which will be accessible to guaranty agencies, lenders, and schools. It is recommended that students and parents with federal loans periodically visit studentaid.gov. You will need to use your FAFSA ID and password to access the website.

Federal Work Study

The Federal Work Study Program provides on-campus employment during the summer and academic year to students who demonstrate financial need. As part of its commitment to the community, the University is providing federal work study opportunities both on and off campus in community service learning positions. Students can work up to a maximum of 19 hours per week during the academic year and 35 hours per week during the summer. Students are paid on a biweekly basis for the hours worked the previous two weeks. Work study earnings are not deducted from the student's charges. The student may, however, make a payment to the University as payment toward the balance due. The minimum hourly rate paid is \$7.25 per hour. Some rates will be higher depending upon the type of work performed and skills required.

Pay rates are recommended by the employing department. **Due to funding limitations and job availability, the Financial Aid Office cannot guarantee job placement for all eligible applicants.**

Application

The online electronic work study application is available to current students beginning in April for the next academic year. New students are able to complete the application after confirmation. The electronic work study application is completed through the University's Self Service System via my.scranton.edu portal, enter Royal ID and password, click on Student Tab, click on Self Service, select Student Services and Financial

Aid, then click on Financial Aid, complete Work Study Application, and submit. Students will be referred to jobs beginning in August and continuing through the academic year unless the student indicates that they wish to be reviewed for a summer position.

Employment Paperwork

All students who are new to the work study program must first document that they are eligible to work in the U.S. by completing the U.S. Department of Justice Form I-9. At the time they are completing the I-9 form, students must have original form(s) of identification with them. Acceptable forms of identification are listed on the I-9. Payroll will require completion of a W-4 form. Both the I-9 and W-4 forms are completed in Human Resources.

Pennsylvania State Financial Aid Programs

PA State Grant

The Pennsylvania State Grant Program is administered by the Pennsylvania Higher Education Assistance Agency (PHEAA) and provides grant assistance to undergraduate students enrolled in at least a two-year program and who are Pennsylvania residents and enrolled at least half-time. Eligibility is based on financial need as determined by PHEAA, and awards range between \$532 and \$5,000. Eligible students who, in their senior year, enroll for nine or more credits in one of their last two semesters may receive a full-time PA State Grant even though they are not enrolled full-time. Reduced tuition cost must be reported to the Agency and may result in adjustment to the grant

amount. Recipients must also be high school graduates or have a Pennsylvania GED. Receipt of PA State Grant assistance may not exceed the equivalent of eight semesters of full-time awards. The filing deadline for the 2022-23 academic year is May 1, 2022. PA State Grant recipients who have received two full-time semesters of awards must complete 24 credits. Part-time students are prorated.

Ready to Succeed Scholarship (RTSS) Program

The program is administered by PHEAA in close cooperation with the Pennsylvania Department of Education. The student must meet all other Pennsylvania State Grant eligibility requirements to qualify for RTSS. This includes the submission of a FAFSA and Pennsylvania State Grant Form. The student must have completed one academic year defined as having earned 24 semester credits or the equivalent by the time that the student's school checks academic progress for the Pennsylvania State Grant. Attain a minimum cumulative Grade Point Average (GPA) of 3.25 for 2022-23. Have a family income that does not exceed \$110,000. Additional information can be obtained online at pheaa.org by selecting RTSS under the Funding Opportunities heading or by calling 1-800-692-7392 and choosing Special Programs at the prompt.

PA State Grant and Ready to Succeed Scholarship Enrollment Mode Reporting for Online Courses

Divided by total tuition (flat rate)	÷ 24,031
Percentage of institutional aid	30.7
	(or 31%)

Sean's Aid

Flat rate full-time semester aid

Loyola Scholarship	\$ 6,000
Xavier Grant	\$12,000

Graduate Assistants

Resident Assistant (RA)/Community Assistant (CA)

Resident Assistant/Community Assistant covers full room and 10 meal plans. The Resident Assistant/Community Assistant amount is taken into account when determining eligibility for Financial Aid.

Tuition Remission/Exchange

A Free Application for Federal Student Aid (FAFSA), which covers both state and federal aid, must be filed each year prior to May 1 for the subsequent academic year for eligible employees, spouses and eligible children who intend to enroll as at least a half-time student for any term during the subsequent academic year. Visit studentaid.gov. If it is determined that the student is not eligible to receive state or federal aid, a short form may be required in subsequent years. This short form may be obtained from the Financial Aid Office, and must be submitted for review prior to March 1. The tuition remission benefit will not be paid to a student's account until all required financial aid forms and applications are officially filed. If all applicable financial aid forms are not completed in a timely manner, the actual amount of state and/or federal grants that the student would have been eligible for will be deducted from the University's tuition remission benefit. As a result, the stu-

dent or parent will be responsible for paying the portion of the financial aid package that was forfeited.

Undergraduate students qualifying for 100% tuition remission is the difference between the actual tuition costs per term less federal and/or state benefits. When eligible for federal and/or state benefits, the total value will be extended to cover the cost of books and academic fees. The maximum allowance for books and academic fees is \$250 per semester. Bookstore charges will be issued by the Bursar's Office and placed on the student's Royal Card upon request.

Undergraduate students qualifying for partial tuition remission are limited to actual tuition costs per term less any federal, state, and/or university aid.

The University will then be able to notify students of any impact on their financial aid package.

In recognition of its students' efforts in securing grants and scholarships from private organizations, the University has developed a Gift Aid Policy that is intended to treat recipients in an equitable manner. The combination of University of Scranton scholarship and grants, federal and

state gift aid, and all outside private awards (including employer-sponsored tuition benefits) may not exceed tuition, general and course fees, room and board for dormitory students, the maintenance allowance for off-campus students, and the home living allowance for commuter students. Furthermore, recipients of University of Scranton need-based administered awards will have their unmet financial need reviewed before adjusting their financial aid package. Private grants and scholarships may be used to replace up to one half of a student's remaining financial need. If no remaining need exists, University need-based administered aid will be reduced by one-half the amount of the outside award. When a PA State grant and/or federal aid composes any part of a student's package, state and federal over-award procedures will be followed even after the above policy is applied. Please see Gift Aid adjustment below.

SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS FOR RECEIPT OF FINANCIAL AID

The U.S. Department of Education regulations require that educational institutions measure students' progress toward a declared educational objective, both quantitatively and qualitatively in order to be eligible to receive Federal Title IV aid, which includes Federal Pell Grants, Federal Supplemental Education Opportunity Grants (SEOG), Federal Work Study, Federal Stafford Loans, Parent PLUS Loans and Graduate PLUS Loans. The Pennsylvania Higher Education Assistance Agency (PHEAA) and other state grant agencies have separate satisfactory academic progress requirements for their scholarship and grant programs. University of Scranton scholarship and grant recipients must meet the minimum federal requirements and are also subject to minimum, cumulative grade point averages, as specified by the award. External scholarships and grants may have different satisfactory academic progress renewal requirements.

Detailed information about academic probation for continuation in a program of study may be found in the Academic Policies and Regulations section of the undergraduate catalog under the topic, Grade Difficulties: Academic Probation and Dismissal, and in the graduate catalog under Standards of Progress.

REQUIREMENTS

The measurement of satisfactory academic progress for receipt of federal student aid is broken down into three categories: maximum time frame, PACE and qualitative measure as explained in the following sections.

Maximum Time Frame

A student may not exceed a maximum number of attempted credits in any program(s), even if aid was not received during all periods of enrollment. The maximum number of credits is 150% of a student's program(s) required credits. Once a student reaches the maximum amount of credits attempted as specified by the program(s), the student will be ineligible to receive further Title IV aid. Students in this category may submit appeals in accordance with the Appeals section of this policy.

Examples

Program Credits X 1.5= Maximum Attempted Credits (Note: attempted credits include all transfer and advanced standing credits)

Biology- 134 credits X 1.5=201 maximum attempted credits

Business Administration-132 credits X 1.5=198 maximum attempted credits

Early and Primary Education- 137 credits X 1.5=205.5 maximum attempted credits

Community Counseling-60 credits X 1.5=90 maximum attempted credits

Educational Administration- 38 credits X 1.5=58.5 maximum attempted credits

Total credit requirements for your major(s) X 1.5= maximum attempted credits

Please note that the maximum time frame measurement always uses a student's current major(s) credit requirements. Students who experienced a change in major(s) may appeal the maximum time frame restriction, as outlined in the Appeals section of this policy. See current catalog.

PACE

This measurement ensures that a student is completing their program(s) within the maximum time frame allowed. PACE is calculated by dividing total credits earned by total credits attempted and includes accepted transfer and advanced standing credits in both the numerator and denominator. PACE is measured annually at the conclusion of the spring semester. The PACE percentage differs by academic year as shown in the below table.

Qualitative Measure

<i>Academic Year</i>	<i>Minimum Percentage</i>
First-Year & Sophomore Undergraduates	65%
Junior & Senior Undergraduates & Graduate Students	70%

In addition to the maximum time frame and PACE requirements specified below, all students must maintain a minimum cumulative grade point average of 2.00 in order to demonstrate satisfactory academic progress for receipt of federal aid. The 2.00 cumulative GPA requirements apply to all Federal Student Aid Programs and need-based University of Scranton funds and University of Scranton Work Study Program. Presidential and Deans' Scholarship recipients must maintain a minimum cumulative GPA of 3.25, Loyola Scholarship recipients 3.00 and Arrupe Scholarship, University Award and Faber Award recipients 2.50. All endowed funds must maintain the minimum cumulative GPA assigned to the originally awarded institutional award.

Monitoring Satisfactory Academic Progress Requirements

Both PACE and GPA requirements are measured at the end of each spring semester. In the

interim, all students are responsible to monitor their compliance with all satisfactory academic progress requirements for receipt of aid funds. Students not meeting PACE and/or the minimum grade point average for receipt of federal aid must earn the sufficient number of credits and/or meet the minimum cumulative grade point average requirements before having aid reinstated, or have successfully appealed for an exception to the requirements.

Financial Aid Suspension

In the event a student's federal and/or University aid is canceled, a formal notice will be sent to the student informing him/her of the action and requirements for reinstatement and procedures for appeal.

Students who have their Presidential Scholarship canceled but have at least a minimum 3.00 cumulative GPA will be awarded a Loyola Scholarship in the amount \$16,000; students who have their Deans' Scholarship canceled but have a minimum cumulative GPA of 3.00 will be awarded a Loyola Scholarship in the amount of \$12,000 for the academic year.

Effective for New First-Year Students starting in the 2019-2020 academic year:

Students who have their Presidential Scholarship canceled but have at least a minimum 2.5 cumulative GPA of 2.5 will be awarded a Faber Scholarship in the amount of \$13,000; students who have their Dean's Scholarship canceled will be awarded a Faber Scholarship in the amount of \$13,000; students who have their Loyola Scholarship canceled will be awarded a Faber Scholarship in the amount of \$13,000 for the academic year.

Students of color that have their Dean Scholarship cancelled, but have at least a 2.5 CGPA will be awarded an Arrupe Scholarship of \$12,000.

Students of color that have their Loyola scholarship cancelled, but have at least a 2.5 CGPA will be awarded an Arrupe Scholarship as follows:

Loyola Scholarship of \$11,000 and up-Arrupe Scholarship of \$10,000.

Loyola Scholarship of \$10,000 and below-Arrupe Scholarship will be \$2,000 less the original Loyola amount. For example: Loyola of \$10,000 will be awarded \$8,000 Arrupe and Loyola of \$8,000 will be awarded \$6,000 Arrupe.

Students who have their Loyola, Arrupe, Faber, or endowed award(s) canceled, but have a minimum cumulative GPA of 2.0 and have filed the FAFSA application, will be reviewed for need-based assistance, provided they meet the minimum PACE requirement.

Reinstatement of Aid

Financial aid eligibility may be reinstated when the student has reestablished satisfactory academic standing. It is the student's responsibility to notify the Financial Aid Office in writing when cumulative GPA requirements have been met and/or PACE deficiencies are corrected.

Once matriculated at the University of Scranton, credits taken at another institution must be approved by the dean of the college in which the

student is enrolled. Detailed academic policies about this topic may be found in the Academic Policies and Regulations section of the undergraduate catalog under Transferring Credits from Other Institutions Once Matriculating at the University of Scranton and in the graduate catalog under Transfer of Credits.

Appeals

If, due to extenuating circumstances, a student fails to meet satisfactory academic process, they may appeal the termination of their financial aid. Students that fail to meet satisfactory academic process will be notified of their deficiencies in writing and a formal letter will be mailed to the address on file with the University. In addition, the student will receive an email to their scranton.edu email address with a link to the online SAP Appeal Form.

Deadline: An appeal with all appropriate documentation must be submitted no later than 30 days of the start of the semester for which the student's aid is being requested (contact the Financial Aid Office for specific dates).

Appeals must be entered online by using the link provided when you are notified you did not meet satisfactory academic progress and must specify the reason(s) why satisfactory academic process was not achieved and how the deficiencies can be remediated during any approved probationary period. The appeal committee assumes that each student appealing is dependent upon financial aid for the completion of his/her degree. Please do not discuss your need for financial aid in your appeal. Documentation of the reason(s) for the appeal—letters from physicians, copy of death certificate for a family member, etc. must accompany the Appeal or it will not be processed. All applicants will receive a written response as soon as possible, but no later than 10 business days after submitting all necessary forms.

The Financial Aid Office will consult with the Dean's Office of the college in which the student is enrolled to obtain a recommendation on the appeal request. An appeal will be granted in cases where the University determines that a student should be able to meet satisfactory academic process standard during the subsequent payment period or develops an academic plan for a student that, if followed, will ensure that he or she is able to meet satisfactory academic progress by a specific point of time to meet satisfactory academic progress requirements. All final decisions will be communicated by the Financial Aid Office. For more information on Satisfactory Academic Progress requirements for receipt of Financial Aid review this section of the guide.

Financial Aid Probation

A student on financial aid probation may receive federal student aid funds for one payment period, which includes summer and special sessions. The institution may require a student on financial aid probation to fulfill specific terms and conditions such as taking a reduced course load, enrolling in specific courses or availing themselves of specified University or private resources. At the end of one payment period on

financial aid probation, the student must meet the University's satisfactory academic progress standards for receipt of financial aid or meet the requirements of the academic plan developed by the Dean's Office and the student to qualify for further federal student aid funds.

For University of Scranton Grants and Scholarships, students not meeting the required minimum, cumulative grade point average at the end of the spring term will be allowed to retain their aid for one term. If at the conclusion of the term they are still not meeting the required minimum, cumulative grade point average, yet have exceeded the grade point average required of the grant or scholarship, one final term of University assistance will be allowed. These provisions do not apply to continued receipt of federal student aid for students whose cumulative grade point average is not the minimum, cumulative grade point average of 2.00, except in cases where a student successfully appealed and was placed on Financial Aid Probation, or is meeting the requirements defined in an individual academic plan approved by their college's Dean's Office.

Drops, Withdrawals and Incomplete Grades

Credits dropped during the drop refund period of the term as defined on the published academic calendar are not counted as attempted credits. Incomplete courses are counted as attempted credits for the determination of PACE and maximum time frame.

Stop Outs and Re-Admitted Students

When a student has a break in enrollment and is readmitted, satisfactory academic progress will be evaluated taking into consideration any transfer and advanced standing credits earned during the break in enrollment and accepted by the University.

Terms, Parts of Term and Summer

Terms are comprised of all sessions and parts of term within a term. For measurement of satisfactory academic progress, January Intersession will be combined with spring term.

Advanced Standing Credit

All forms of advanced standing credit such as advanced placement, transfer, validation, challenge, that are accepted by the University are considered as both attempted and earned in the calculation of PACE and maximum time frame.

Audited Courses

Audited Courses are not considered as attempted or earned in the calculation of PACE and maximum time frame.

Repeated Courses

Repeated courses will be counted each time attempted and will be only counted in earned once. However, if a course which had been passed is repeated and the latter grade is an "F", the course will no longer be counted in earned.

Multiple Majors/Degrees

The maximum time frame will be calculated using all required credits to complete multiple majors and all credits attempted and earned will be used in the calculation of PACE.

Change of Major

The maximum time frame will be calculated using the current major and all credits attempted and earned, including those from prior major(s) will be part of PACE and cumulative grade point average calculations.

Subsequent Degrees

Measurement of maximum time frame and PACE will be calculated based on the requirements of the subsequent degree.

Consortium Agreement

Credits taken at another institution under an approved Consortium Agreement will be used when determining the student's number of credits earned. They will not affect a student's cumulative grade point average.

FINANCIAL AID REFUND POLICY

In accordance with federal regulations, those students who receive federal financial aid and who completely withdraw from the University during the first 60% of a semester or who fails to earn a passing grade during an enrollment period, will have their federal financial aid (Pell Grants, Supplemental Educational Opportunity Grants, TEACH Grants, Direct Stafford Loans and PLUS Loans) adjusted based on the percent of the semester completed prior to the withdrawal. That is, students will be entitled to retain the same percent of the federal financial aid received as the percent of the semester completed. This percent is calculated by dividing the number of days in the semester (excluding breaks of five days or longer) into the number of days completed prior to the withdrawal. The date of withdrawal will be the date the student begins the withdrawal process in accordance with the official withdrawal procedures outlined in the catalog.

Students who do not follow the official withdrawal procedure but who stop attending classes for all of their courses will be considered to have withdrawn at the midpoint of the semester unless attendance is documented after that time. There will be no adjustment to federal financial aid after the completion of at least 60% of the semester.

You will not be subject to returns of your Title IV program assistance if you meet one of the following exemptions for enrollment in modules:

- You complete all of the requirements for graduation;
- You successfully complete a class or multiple classes that comprise at least 49 percent of the days in the term; or
- You successfully complete a class or multiple classes that comprise at least half-time enrollment.

- Students who must withdraw from school should consult with the Financial Aid Office on how the refund policy applies to their situation.

When a student fails to earn a passing grade during an enrollment period

For students who began attendance and have not officially withdrawn and fail to earn a passing grade in at least one course offered (ALL "F" GRADES) during an enrollment period will be considered to have withdrawn at the midpoint of that semester if a last date of attendance cannot be determined for financial aid purposes.

For students who receive all "I" grades, "I's" indicate postponement of the completion of the courses and are given an extension; students must complete all the required work before the midpoint of the next regular semester. If students do not earn a passing grade in at least one course offered, they will be considered to have withdrawn at the midpoint of that semester if a last date of attendance cannot be determined for financial aid purposes.

For students who receive all "NG" grades, "NG's" will indicate temporary grades. Temporary grades are issued when a faculty member fails to meet the deadline for submission of grade reports. Such temporary grades will be changed to permanent grade symbols when issued by the professor. If students do not earn a passing grade in at least one course offered, they will be considered to have withdrawn at the midpoint of that semester if a last date of attendance cannot be determined for financial aid purposes.

Once the amount of the federal funds to be returned has been calculated, the funds will be returned in the following order and cannot exceed the total amount awarded:

- Unsubsidized Direct Stafford Loans
- Subsidized Direct Stafford Loans
- Direct PLUS Loans
- Pell Grants
- Supplemental Educational Opportunity Grants
- TEACH Grants

Pennsylvania and other state grants will be adjusted in accordance with each agency's stated guidelines. It is expected that PA State Grant funds will be reduced by the same percent reduction in tuition received by a student when completely withdrawing from the University.

The University of Scranton grants and scholarship funds will be adjusted based on the percentage of reduction of tuition received by a student when withdrawing from the University.

Please note that students who receive a refund of financial aid prior to withdrawal from the University may owe a repayment of federal financial aid funds received. Students will be contacted by the Financial Aid Office in such situations and will be given 30 days to repay the funds to the University. Students who fail to return the unearned portion of federal financial aid funds given to them will become ineligible for continued receipt of financial aid at all institutions until such time as the repayment is made.

After determining the distribution of funds to Title IV programs, the Financial Aid Office is required to calculate the PA State Grant refund if a PA State Grant was received for the payment period. Other state grants will be adjusted according to each state's refund policy and will equal the refund percentage applied to the student's tuition charges.

After determining the Title IV refund and percentage to be returned to PA State Grant programs, the Financial Aid Office will calculate the refund of University of Scranton funds up to the amount of the tuition refund percentage made.

Additional examples of refund calculations, are available for examination in the Financial Aid Office upon request. Students that must totally withdraw from school should consult with the Financial Aid Office on how the refund policy applies to their situation. Students who are recipients of Title IV Funds (Pell, SEOG, TEACH, Direct Stafford Loans, PLUS Loans) and subsequently withdraw and have their tuition reimbursed retroactively due to extenuating circumstances, will still be subject to Title IV Federal Refund Calculation. Students who subsequently return to the University are required to satisfy the academic progress requirements prior to receipt of additional funds. If a student who withdraws is determined to be eligible for a post-withdrawal disbursement, he or she will be notified as soon as the determination is made. If the student does not contact the Financial Aid Office by the specified deadline, the University will assume the student is not interested in receiving the Post-Withdrawal Funds offered.

OVERPAYMENT POLICY

If a student leaves the University after receiving a cash disbursement for living expenses from Title IV grants, the University must determine if the student must repay a portion of the cash disbursement. If it is determined that an overpayment has been made, the institution will notify and bill the student for the amount of the overpayment.

A student would owe a repayment if the cash disbursement exceeds the living expenses incurred up to the point of the student's withdrawal. Certain non-refundable expenses, such as books and supplies, will be included in the overpayment calculation at full cost.

Work Study funds are excluded from the calculation because they have been earned by the student as well as other federal loan funds, because the student is already obligated to repay them.

FAFSA VERIFICATION POLICY AND PROCEDURES

The University of Scranton requires verification of FAFSA data when a student's record is selected by the federal government. In addition, there may be cases where the University may need to verify a student record due to inconsistencies on the information reported or to clarify reported data, etc. Students selected for verification by the federal processor are notified on the Student Aid Report. The section below explains your rights and responsibilities. Please read carefully.

Signed copies of 2020 Federal Tax Return or Internal Revenue Service (IRS) 2020 Return Transcripts will be required to be submitted to colleges for selected applicants. Applicants may avoid having to obtain IRS return documents by using the IRS data retrieval option when completing the online FAFSA. Provided the IRS data is available and no changes have to be made to the reported tax data, it will not be necessary to submit official IRS return documents in the event the FAFSA is selected for federal aid verification. We highly recommend all aid applicants and parents of dependent applicants use the IRS data retrieval. This will not only decrease common errors, but may also eliminate the need to provide additional verification documents. Please note there may be cases where the University may require both the signed copy of tax returns and IRS return transcript to complete verification for both federal and University of Scranton aid programs.

All requested information must be provided to The University of Scranton Financial Aid Office within six weeks of the notification date. If the requested documentation is unavailable at the time of the request, an extension can be granted provided the Financial Aid Office receives a written request explaining the reason the documentation is not provided and an estimated date the information will be available. **Please note,**

however, that Federal and institutional aid cannot be finalized until such time as all requested documentation is provided. Failure to satisfy all requests will result in the cancellation of all Federal aid and University of Scranton need-based grant aid.

Documentation Required

- A completed **Verification** form available at my.scranton.edu.
- Copies of parents and students (students and spouses for independent students) 2020 Federal Tax Return or IRS Return Transcripts. Go to IRS.gov and click on the "Get Your Tax Record" link, or call 1-800-908-9946.

- All non-tax filers must obtain a statement from the IRS indicating no tax return was filed for the FAFSA filing year. Non-tax filers must complete all questions on the Verification form, and attach any W-2 Forms.
- Any other verification forms requested by the Financial Aid Office such as asset verification forms, certification of sibling enrollment, etc.

Review of Information

After all requested information is submitted, application data will be verified. If all application information is accurate, aid will be processed and/or finalized. If corrections are required, the Financial Aid Office will correct the data and process your aid request.

Notification of Verification Results

Notification of your eligibility and/or certification of federal loans will indicate your eligibility for federal and institutional funds. In cases where aid had been previously awarded, notification will only be sent when program eligibility changes.

Overpayment of Federal Funds

In cases where corrections result in an overpayment of federal funds, you will receive notice on steps required to repay the federal programs and the consequences of not making proper repayment.

Any questions concerning these policies and procedures should be directed to the Financial Aid Office.

FINANCIAL AID FOR STUDY ABROAD

University students participating in the Study Abroad Program may be eligible to receive financial aid, including federal, state and institutional aid, for their enrollment in a program that is approved by the University's Study Abroad Advisor. There are several additional requirements, however, that must be met before the Financial Aid Office can process any student's financial aid for use at another institution.

Please note that the cost for the Study Abroad terms may impact the participant's financial aid package.

CONSORTIUM AGREEMENTS WITH OTHER INSTITUTIONS

Upon approval of the dean of the student's college, the University will execute a consortium agreement with another eligible institution so that the combined costs and credits can be used in determination of financial aid eligibility. Please note that because of differences in costs, a student's financial aid package could be affected.

THE UNIVERSITY OF SCRANTON JAMES P. SWEENEY, S.J. FAMILY OUTREACH PROGRAM

In 1942, Most Rev. William J. Hafey, Bishop of Scranton, invited the Society of Jesus to assume administration of The University of Scranton. It was a time of great uncertainty for the nation and for higher education with college enrollments dropping dramatically due to enlistments and the draft. In today's uncertain economic times, the University finds great relevance in the words of Very Rev. James P. Sweeney, S.J., Provincial of the Society of Jesus' Maryland/New York Province, as he accepted Bishop Hafey's invitation:

"...acceptance of your invitation is of course a challenge in these abnormal times, when all colleges are facing a crisis. Even the fate of well established institutions is in the balance and many

smaller colleges may be pushed to the wall during the next six months. However, St. Ignatius was never one to run away from a difficult proposition, and we are supposed to imitate his example."

Inspired by this example of hope and faith, the University has established the James P. Sweeney, S.J., Family Outreach Program, which reflects the University's commitment to students and families who have been negatively affected by recent economic conditions and contains the following:

- Responsiveness to reductions in family income due to unemployment, underemployment and other losses of income. The Financial Aid Office's Special Condition Form gives families an opportunity to update income information when current year income is less than what was collected on the Free Application for Federal Student Aid (FAFSA). The Financial Aid Office will review and verify updated information to determine if any increases can be made to need-based federal, state and University of Scranton financial aid programs.
- The Father Sweeney Grant will be used to supplement students' regular financial aid packages based on the reporting of families' financial difficulties. The grant is intended to provide immediate short-term assistance. **Renewal of the grant will be based on a family's continued financial difficulties.**

- The University will offer financing counseling to families requesting special assistance to meet their financial educational expenses. Financial Aid and Bursar staff will work with students and their families on the development of financing plans, which will include a combination of federal student and parent loans and may allow for the development of special payment plans outside of the University's normal payment policy.
