Key Findings

Pooled across all eligible cohorts, 87.2% of freshmen return for a second year and 76.2% graduate within four years. One-year retention has stayed in a narrow band (85.1%–89.3%) since 2016. The largest gaps by student characteristic, measured by four-year graduation, are:

- **Academic preparation is the strongest predictor.** High school GPA 3.75+ graduates in four years at 86.7% vs 53.8% for 2.99 or lower. SAT 1410+ is 88.2% vs 53.1% for 1000 or lower.
- **Students served by the CARE Committee** graduate on time at 53.2%, vs 79.3% for others.
- **ADP/Gonzaga students** graduate in four years at 52.5%, vs 77.7% for non-ADP students.
- **Equity gaps of 10–13 points** for first-generation (67.0% vs 79.1%), Pell recipients (65.5% vs 78.9%) and underrepresented minority students (67.8% vs 78.2% for White students).
- **College at entry:** LCHS 85.7%, KSOM 75.1%, CAS 70.6%. Undeclared students graduate on time at 66.3% vs 77.7%.
- **Men and commuters lag.** Male 70.0% vs female 80.4%; students living with relatives 67.5% vs residential 77.2%.
- **Student athletes outperform:** 84.5% vs 74.3%, with one-year retention of 93.0%.

Academic Probation and CARE Committee status are recorded after entry, so they describe what happened to students rather than predict it. Treat those gaps as descriptive.

All Students by Cohort

All first-time, full-time, degree-seeking freshmen. Blank cells mean the cohort has not reached that milestone yet.

2025	916	94.1%	87.9%									
2026	904											

Graduation rates count graduation from the University. "Retention 4/5/6 Years" counts students still enrolled who have not yet graduated.

Student Demographics

Each value has its own table, titled with the filter and value, broken out by freshmen cohort (2016–2026), followed by an “All years” row that pools every eligible student. Blank cells mean the cohort has not reached that milestone yet. In the All years rows, later milestones draw on older cohorts only (6-year graduation on 2016–2020). Rates based on fewer than 30 eligible students are shown in grey italics; treat them with caution, since one student can move a small group's rate by several points.

CARE Committee service is recorded after entry.

Method

Population

First-time, full-time, degree-seeking freshmen in the IPEDS fall cohorts 2016–2026 (IPEDS_COHORT), 10,290 students.

Measures

- Each rate is the share of eligible students (suppression flag = 0) who met the milestone: S1/Y1/S3/Y2/Y3_IND_BINARY for retention, GRAD_YEAR4/5/6 for graduation from the University.
- Averages: HS_GPA, SAT_COMBINED (zeros and blanks excluded) and GPA_FIRST_FALL_TERM.
- Student characteristics are taken as recorded in the source file; blank values are shown as (blank).

Typography

Styled to the University of Scranton web style guide: Oswald for headings, Roboto for body text, Merriweather as the serif accent, with the brand palette (purple #512C6D, light red #E77C65, teal #68BEC0, gold #E0A84D). Vanguard, the guide's main heading face, is a licensed font, so Oswald is used for all headings. Install Oswald, Roboto and Merriweather (free from Google Fonts) for the document to display as designed.
