

University Planning Committee (UPC) Charge and Membership: 2020-21

The University Planning Committee (UPC) serves as an advisory committee to the Provost and Senior Vice President for Academic Affairs. Under the broader Planning and Institutional Effectiveness Model, the UPC provides leadership for the development of each University strategic plan and serves as a steering committee for plan implementation. In this capacity, the UPC recommends annual planning priorities and affirms related annual planning and institutional effectiveness assessment activities. The UPC monitors progress of the plan's initiatives and advises on updates and adjustments to its supporting objectives. In support of integrated planning, the UPC also considers, endorses, and makes recommendations related to other significant planning initiatives, including the links between planning and other administrative functions. The UPC may establish working groups, ad hoc committees and taskforces to facilitate University planning.
