I must use this opportunity to thank you for allowing me to serve as a representative of the Staff Senate for these past six years. It is amazing to think how quickly the time has passed and how far we have come.

The Staff Senate is an invaluable resource for our staff and a significant contributor to the University governance process. We do give voice to your concerns and we do provide a venue for your feedback on matters of importance to you as individuals and the University as a whole.

Our goal has always been to foster better communication and promote a supportive and positive work environment. I feel confident that we are succeeding. I hope you share that confidence. Beyond our accomplishments (which are many) I am reminded every day of the opportunity the Staff Senate gave me to work with such dedicated and talented individuals. I truly am grateful for all I have gained from my involvement. It has been an invaluable experience for me and highlights our extraordinary University community.

I encourage your involvement with the Staff Senate. The rewards it will bring you are immeasurable. I am certain that our new President, Joe Wetherall, will lead the Senate to new levels of achievement. Best Wishes to Joe and our Senators for continued success.

The Communication Committee kept us informed during the academic year by providing distribution of pertinent information via Staff Senate Website, Board Campus Announcements Newsletters and University Calendar.

The Recognition and Excellence Committee reached out in various ways to make us proud to be part of the University family.

- Jamie Hayes managed the Staff Spirit Award resulting in a deserving individual winning the award each month.
- Diane Lang and Pauline Palko worked with Human Resources to update and improve procedures of the Sursum Corda Award. They also processed ten nominations for the award from the Senate.
- Gina Butler continues to work with the Pro-Deo Committee to consider additional recognition for employees before they are inducted into Pro-Deo.
- Many of our members have supported the Jesuit Center in working at Saint Francis of Assisi Soup Kitchen on Tuesdays.
- Lisa Bealla, Barbara Eagen, Diane Lang and Diane Valentino managed the annual Senate Luncheon that recognized 60 employees for service and performance.

NEW THIS YEAR!

Wellness Participation Committee.

The mission of the Wellness Participation Committee is to develop a comprehensive wellness program attendance policy at The University of Scranton. Currently there is a lack of consistency regarding how wellness attendance is administered across departments and employee groups.

The principles guiding the committee’s work are Cura Personalis and the belief that the policy should be equitable. The committee will conduct a review of how other universities and businesses enable participation in wellness activities during the work day. Once the investigation is complete, the committee will write a draft policy for presentation to the Staff Senate for their review and recommendations.

The committee consisted of the following individuals: Tim Barrett (Chair), Tom Coleman, Craig Fedoryk, Steve Hallock, Donna Martin, Kevin Roginski and Pete Sakowski.

Congratulations to our newly elected Staff Senate President
Joseph K. Wetherell

Joe Wetherell is originally from Vermont and graduated from the University of Vermont. Joe spent twenty-seven years on active duty with the United States Army Corps of Engineers. He received graduate level military education and a Master's Degree in Logistics Management from the Florida Institute of Technology. Lieutenant Colonel Wetherell served with the British Army for two years, worked with the State Department/NATO/United Nations, commanded an engineer battalion in the 101st Airborne Division, and finished his military career running the Military Science Department here at the University.

Joe has worked in the University Admissions Office since 1999. He has been responsible for many of the office functions including the Visitor’s Center, publications, tele-counselors, building management, large campus events, and the printed communication plan. He has also been active in the ROTC Advisory Council, Student Veterans Advocacy Committee, Commencement Week Committee, and Staff Senate since its inception.

As Staff Senator, Joe has served as Chair of the Recognition and Excellence Committee, Chair of the Finance Committee, and as Vice President. He thanks the senators for having confidence in him to carry on the good work of the previous hard working and successful presidents. His priorities for the Senate are:

⇒ To support the University Governance Council (UGC) in the development of University wide policy and to assist Human Resources (HR) in the development of staff policy as needed.
⇒ To serve as a conduit for bringing important issues from the constituency groups of the staff through the senate to UGC and HR.
⇒ To help staff employees understand how they can approach problems and issues within the existing structure of the University; the chain of command in his words.
