FREQUENTLY ASKED QUESTIONS (FAQ)

For answers to commonly asked questions regarding the Royal Experience Summer Internship Program, see below. For additional questions, contact the Center for Career Development by email: careers@scranton.edu or by phone: 570-941-7640.

What are the program requirements for length and number of hours of the internship?

The internship must be a minimum of 8 weeks between May 23 – August 26, 2022 and at least 150 hours. The length and duration of the program ensures that you have the opportunity to engage in thoughtful reflection, develop skills, and meet your learning outcomes, while receiving meaningful supervision from a staff member at the organization.

Who is eligible to apply?

The program is open to rising University of Scranton sophomores, juniors, and seniors (graduating in 2025, 2024, or 2023) in good academic standing. Students must be active University of Scranton students in the Spring 2022 and the Fall 2022 semesters.

Is the program open to all fields of work?

Yes. All unpaid internships will be considered. The internship should involve significant duties and meet a set of goals agreed upon by the student and the on-site supervisor at the organization.

I’m getting paid for my internship; can I still apply?

No. The Royal Experience Summer Internship Program supports student internships at organizations that do not pay interns for their work. We know many students work for modest salaries, but it is important to prioritize those students who are not receiving any salary.

Can I pursue an unpaid experience on campus?

Yes. The primary goal of the stipend is to support your career exploration. We encourage students to broaden their experiences off-campus, thus creating a larger career network. This should be your priority when researching potential internships. However, we recognize that in certain cases (for example, research with a professor), the continuity of work on campus might prove more beneficial for your career. In such cases, you must be explicit in your application statement as to why the on-campus internship rather than an off-campus experience better fits your specific career goals.

Can I do my internship during the academic year?

No. Given the limited funding, the program supports students pursuing summer internships.

Can I be considered for the Royal Experience Summer Internship Program more than once while a student at The University of Scranton?

Yes. Students who have received the stipend in the past can apply and receive the stipend again. However, the internship must be a different experience. If you have applied in the past for the stipend and were not selected, you are encouraged to apply again. There is no limit to the number of times you can apply.

Can I do two separate internships that equal the required length and number of hours?
No. The program funds a single internship at an organization providing an opportunity to learn about and explore your career related goals. The benefit of one internship is that it fosters a deeper learning experience, greater commitment, and a closer supervisory relationship between the intern and organization.

**What are the requirements of me while at my internship this summer?**

Selected students need to check in at least three times with their assigned Center for Career Development staff member throughout the summer. This is to ensure the students are having a productive experience and enables the career center staff to help them reflect on their experience while it is occurring.

For similar reasons, selected students will be required to submit two blogs during their internship and comment on another student’s blog twice throughout the summer. Students will also have scheduled phone calls or Zoom appointments to check in with a staff member from the Center for Career Development three times throughout the summer. Finally, students will be required to present about the summer experience in a poster session or other format during the Fall 2022 semester.

**Will someone at The University of Scranton Center for Career Development be available during my summer internship if I need assistance?**

Yes. You will be assigned a Center for Career Development staff member who will check in with you at the beginning, middle, and end of your internship. You can contact the staff member over the summer for information and advice while at your internship.

**What should the Offer Letter from internship supervisor include?**

The Offer Letter must:

- Confirm that you have been offered an internship at the organization
- Confirm dates of experience, which must be a minimum of 150 total hours
- Confirm that the internship is unpaid
- Explain the intern's responsibilities in detail (or attach a detailed job description)
- Acknowledge and support student's learning goals (from your application)
- Detail how the student will be supervised and indicate if any hours will be completed off-site or remotely

This letter is a significant part of your application and should be sent from your supervisor to you, which you then add to your application.

**What happens if I don't have an internship secured by the deadline?**

Unfortunately, we cannot accept partial or late applications. While we would like to extend the deadline further, we know students who have secured an internship are waiting to learn if they have received funding before accepting their internship offer.

Many employers are willing to expedite their decision-making process if they are aware that you are applying for funding from The University of Scranton. Please follow up with the organization to indicate your timeline.

**When will I receive my stipend payments?**

Students will be paid in two equal payments during the third full week of June and the second full week of August. Award recipients will learn more about the payment process at a required Pre-Internship Meeting in May.
