strong Newly Revised Strong Interest Inventory[®]

Instructions

The *Strong Interest Inventory*[®] assessment is used to help you understand your work interests and to show you some kinds of work in which you might be comfortable. The *Strong* is not a test of your abilities; it is an inventory of your interests. Your results will be presented to you later in a *Strong Interest Inventory* profile or report. The profile or report will provide information to help you understand your results.

The following screens list many occupations, subject areas, activities, and personal characteristics to which you will be asked to respond.

INDICATE ONE ANSWER FOR EVERY ITEM. DO NOT SPEND TOO MUCH TIME THINKING ABOUT EACH ONE. RELY ON YOUR FIRST IMPRESSION.

When you reach the end of a screen, click the "Continue" button to go on to the next screen. If you need to stop during the assessment and return at a later time, click the "Save & Complete Later" button.

Expect to spend 35-40 minutes answering questions. (Add 10 minutes if you are also completing the *Skills Confidence Inventory*.)
