

Footsteps of Ignatius Pilgrimage and Ignatian Leadership Program Application

Please draft your answers to the following questions as a separate Word document.

1. Please explain the reasons for wanting to take part in the *Footsteps of Ignatius Pilgrimage* and accompanying *Ignatian Leadership Program*.
2. Have you engaged in other mission-related programming or activities in your time at the University of Scranton? Please explain.
3. This program will be open to all from our diverse faculty and staff. Our time in Spain will include stops in places of significance in the spiritual life of St. Ignatius and will include Masses and discussions on how to bring that spiritual understanding back to the University of Scranton. In other words, it will help us to better understand that part of our mission that states we are “animated by the spiritual vision and the tradition of excellence characteristic of the Society of Jesus and those who share in its way of proceeding.” Are you open to this type of experience and can you support your colleagues in this type of endeavor?
